

**STEWARDSHIP AND OVERSIGHT AGREEMENT  
ON PROJECT ASSUMPTION AND PROGRAM OVERSIGHT  
BY AND BETWEEN  
FEDERAL HIGHWAY ADMINISTRATION, WYOMING DIVISION  
AND THE  
WYOMING DEPARTMENT OF TRANSPORTATION**

**APRIL 2015**

**SECTION I. BACKGROUND AND INTRODUCTION**

The Federal-aid Highway Program (FAHP) is a federally-assisted program of State-selected projects. The Federal Highway Administration (FHWA) and the State Departments of Transportation have long worked as partners to deliver the FAHP in accordance with Federal requirements. In enacting 23 U.S.C. 106(c), as amended, Congress recognized the need to give the States more authority to carry out project responsibilities traditionally handled by FHWA. Congress also recognized the importance of a risk-based approach to FHWA oversight of the FAHP, establishing requirements in 23 U.S.C. 106(g). This Stewardship and Oversight (S&O) Agreement sets forth the agreement between the FHWA and the Wyoming Department of Transportation (WYDOT) on the roles and responsibilities of the FHWA and WYDOT with respect to Title 23 project approvals and related responsibilities, and FAHP oversight activities.

The scope of FHWA responsibilities, and the legal authority for WYDOT assumption of FHWA responsibilities, developed over time. The U.S. Secretary of Transportation delegated responsibility to the Administrator of the FHWA for the FAHP under Title 23 of the United States Code, and associated laws. (49 CFR 1.84 and 1.85) The following legislation further outlines FHWA's responsibilities:

- Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991;
- Transportation Equity Act for the 21st Century (TEA-21) of 1998;
- Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) of 2005; and
- Moving Ahead for Progress in the 21st Century Act (MAP-21) of 2012 (P.L. 112-141).

The FHWA may not assign or delegate its decision-making authority to a State Department of Transportation unless authorized by law. Section 106 of Title 23, United States Code (Section 106), authorizes the State to assume specific project approvals. For projects that receive funding under Title 23, U.S.C., and are on the National Highway System (NHS) including projects on the Interstate System, the State may assume the responsibilities of the Secretary of the U.S. Department of Transportation under Title 23 for design, plans, specifications, estimates, contract awards, and inspections with respect to the projects unless the Secretary determines that the assumption is not appropriate. (23 U.S.C. 106(c)(1)) For projects under Title 23, U.S.C. that are not on the NHS, the State shall assume the responsibilities for design, plans, specifications, estimates, contract awards, and inspections unless the State determines that such assumption is not appropriate. (23 U.S.C. 106(c)(2))

For all other project activities which do not fall within the specific project approvals listed in Section 106 or are not otherwise authorized by law, the FHWA may authorize WYDOT to perform work needed to reach the FHWA decision point, or to implement FHWA's decision. However such decisions themselves are reserved to FHWA.

The authority given to WYDOT under Section 106(c)(1) and (2) is limited to specific project approvals listed herein. Nothing listed herein is intended to include assumption of FHWA's decision-making authority regarding Title 23, U.S.C. eligibility or Federal-aid participation determinations. The FHWA always must make the final eligibility and participation decisions for the Federal-aid Highway Program.

Section 106(c)(3) requires FHWA and WYDOT to enter into an agreement relating to the extent to which WYDOT assumes project responsibilities. This Stewardship and Oversight Agreement (S&O Agreement), includes information on specific project approvals and related responsibilities, and provides the requirements for FHWA oversight of the FAHP (Oversight Program), as required by 23 U.S.C. 106(g).

## **SECTION II. INTENT AND PURPOSE OF S&O AGREEMENT**

The intent and purpose of this S&O Agreement is to document the roles and responsibilities of the FHWA's Wyoming Division Office (FHWA or Division) and Wyoming Department of Transportation (WYDOT) with respect to project approvals and related responsibilities, and to document the methods of oversight which will be used to efficiently and effectively deliver the FAHP.

The Project Action Responsibility Matrix, Attachment A to this S&O Agreement and as further described in Section VIII of this S&O Agreement, identifies FHWA FAHP project approvals and related responsibilities WYDOT assumes from FHWA on a program-wide basis pursuant to 23 U.S.C. 106(c) and other legal authorities. Upon execution of this agreement, Attachment A shall be controlling and except as specifically noted in Attachment A, no other agreements, attachments, or other documents shall have the effect of delegating or assigning FHWA approvals to WYDOT on a program-wide basis under 23 U.S.C 106 or have the effect of altering Attachment A.

### **SECTION III. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS ON THE NATIONAL HIGHWAY SYSTEM**

- A. WYDOT *may assume* the FHWA's Title 23 responsibilities for design; plans, specifications, and estimates (PS&E); contract awards; and inspections, with respect to *Federal-aid projects on the National Highway System (NHS)* if both WYDOT and FHWA determine that assumption of responsibilities is appropriate.
- B. Approvals and related activities for which WYDOT has assumed responsibilities as shown in Attachment A will apply program wide unless project specific actions for which the Division will carry out the approval or related responsibilities are documented in accordance with the FHWA Project of Division Interest/Project of Corporate Interest Guide (FHWA PoDI/PoCI Guide) located at:  
<http://www.fhwa.dot.gov/federalaid/stewardship/>
- C. WYDOT may not assume responsibilities for Interstate projects that are in high risk categories. (23 U.S.C. 106(c)(1))
- D. WYDOT is to exercise any and all assumptions of the Secretary responsibilities for Federal-aid projects on the NHS in accordance with Federal laws, regulations and policies.

### **SECTION IV. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS OFF THE NATIONAL HIGHWAY SYSTEM**

- A. WYDOT *shall assume* the FHWA's Title 23 responsibilities for design, PS&Es, contract awards, and inspections, with respect to *Federal-aid projects off the NHS (non-NHS)* unless WYDOT determines that assumption of responsibilities is not appropriate. (23 U.S.C. 106(c)(2))
- B. Except as provided in 23 U.S.C.109(o), WYDOT is to exercise the Secretary's approvals and related responsibilities on these projects in accordance with Federal laws.
- C. WYDOT, in its discretion, may request FHWA carry out one or more non-NHS approvals or related responsibilities listed as "State" in Attachment A on a program-wide basis. For a project specific request, the State may request FHWA carry out any approval or related responsibility listed in Attachment A off the NHS. Such project-specific requests shall be documented in accordance with the FHWA PoDI/PoCI Guide.

- D. Pursuant to 23 U.S.C. 109(o), non-NHS projects shall be designed and constructed in accordance with State laws, regulations, directives, safety standards, design standards, and construction standards.

## **SECTION V. ASSUMPTION OF RESPONSIBILITIES FOR LOCALLY ADMINISTERED PROJECTS**

WYDOT may permit local public agencies (LPAs) to carry out WYDOT's assumed responsibilities on locally administered projects. WYDOT is responsible and accountable for LPA compliance with all applicable Federal laws and requirements.

## **SECTION VI. PERMISSIBLE AREAS OF ASSUMPTION UNDER 23 U.S.C. 106(c)**

An assumption of responsibilities under 23 U.S.C. 106(c) may cover only activities in the following areas:

- A. Design, which includes preliminary engineering, engineering, and design-related services directly relating to the construction of a FAHP-funded project, including engineering, design, project development and management, construction project management and inspection, surveying, mapping (including the establishment of temporary and permanent geodetic control in accordance with specifications of the National Oceanic and Atmospheric Administration), and architectural-related services.
- B. PS&E, which represents the actions and approvals required before authorization of construction. The PS&E package includes geometric standards, drawings, specifications, project estimates, certifications relating to completion of right-of-way acquisition and relocation, utility work, and railroad work.
- C. Contract awards, which include procurement of professional and other consultant services and construction-related services to include advertising, evaluating, and awarding contracts.
- D. Inspections, which include general contract administration, material testing and quality assurance, review, and inspections of Federal-aid contracts as well as final inspection/acceptance.
- E. Approvals and related responsibilities affecting real property as provided in 23 CFR 710.201(i) and any successor regulation in 23 CFR Part 710.

## **SECTION VII. FEDERAL APPROVALS AND RELATED RESPONSIBILITIES THAT MAY NOT BE ASSUMED BY WYDOT**

A. Any approval or related responsibility not listed in Attachment A cannot be assumed by the State without prior concurrence by FHWA Headquarters. The following is a list of the most frequently-occurring approvals and related responsibilities that may not be assumed by WYDOT:

- Civil Rights Program approvals;
- Environmental approvals, except those specifically assumed under other agreements. (23 U.S.C. 326 and 327; programmatic categorical exclusion agreements);
- Federal air quality conformity determinations required by the Clean Air Act;
- Approval of current bill and final vouchers;
- Approval of federally-funded hardship acquisition, protective buying, and 23 U.S.C. 108(d) early acquisition;
- Project agreements and modifications to project agreements and obligation of funds (including advance construction);
- Planning and programming pursuant to 23 U.S.C. 134 and 135;
- Special Experimental Projects (SEP-14 and SEP-15);
- Use of Interstate airspace for non-highway-related purposes;
- Any Federal agency approval or determination under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act), as amended, and implementing regulations in 49 CFR Part 24;
- Waivers to Buy America requirements;
- Approval of Federal participation under 23 CFR 1.9(b);
- Provide pre-approval for preventive maintenance project (until FHWA concurs with WYDOT procedures);
- Requests for credits toward the non-Federal share of construction costs for early acquisitions, donations, or other contributions applied to a project;
- Functional replacement of property;
- Approval of a time extension for preliminary engineering projects beyond the 10-year limit, in the event that actual construction or acquisition of right-of-way for a highway project has not commenced;
- Approval of a time extension beyond the 20-year limit for right of way projects, in the event that actual construction of a road on the right-of-way is not undertaken;
- Determine need for Coast Guard Permit;
- Training Special Provision – Approval of New Project Training Programs; and
- Any other approval or activity not specifically identified in Attachment A unless otherwise approved by the FHWA, including the Office of Chief Counsel.

- B. For all projects and programs, WYDOT will comply with Title 23 and all applicable non-Title 23, U.S.C. Federal-aid program requirements, such as metropolitan and statewide planning; environment; procurement of engineering and design related service contracts (except as provided in 23 U.S.C. 109(o)); Civil Rights including Title VI of the *Civil Rights Act*, and participation by Disadvantaged Business Enterprises; prevailing wage rates; and acquisition of right-of-way, etc.
- C. This Agreement does not modify the FHWA's non-Title 23 program approval and related responsibilities, such as approvals required under the Clean Air Act; National Environmental Policy Act, Executive Order on Environmental Justice (E.O. 12898), and other related environmental laws and statutes; the Uniform Act; and the Civil Rights Act of 1964 and related statutes.

## **SECTION VIII. PROJECT ACTION RESPONSIBILITY MATRIX**

Attachment A, Project Action Responsibility Matrix, to this S&O Agreement identifies FAHP project approvals and related responsibilities. The Matrix specifies which approvals and related responsibilities are assumed by the State under 23 U.S.C. 106(c) or other statutory or regulatory authority, as well as approvals and related responsibilities reserved to FHWA.

## **SECTION IX. HIGH RISK CATEGORIES**

- A. In 23 U.S.C. 106(c), Congress directs that the Secretary shall not assign any approvals or related responsibilities for projects on the Interstate System if the Secretary determines the project to be in a high risk category. Under 23 U.S.C. 106(c)(4)(B), the Secretary may define high risk categories on a national basis, State-by-State basis, or national and State-by-State basis.
- B. The Division has determined there are no high risk categories.

## **SECTION X. FHWA OVERSIGHT PROGRAM UNDER 23 U.S.C. 106(g)**

- A. In 23 U.S.C. 106(g), Congress directs that the Secretary shall establish an oversight program to monitor the effective and efficient use of funds authorized to carry out the FAHP. This program includes FHWA oversight of the State's processes and management practices, including those involved in carrying out the approvals and related responsibilities assumed by the State under 23 U.S.C. 106(c). Congress defines that, at a minimum, the oversight program shall be responsive to all areas relating to financial integrity and project delivery.
- B. The FHWA shall perform annual reviews that address elements of WYDOT's financial management system in accordance with 23 U.S.C. 106(g)(2)(A). FHWA will periodically review WYDOT's monitoring of sub-recipients pursuant to 23 U.S.C. 106(g)(4)(B).
- C. The FHWA shall perform annual reviews that address elements of the project delivery systems of WYDOT, which elements include one or more activities that are involved in the life cycle of project from conception to completion of the project. The FHWA will also evaluate the practices of WYDOT for estimating project costs, awarding contracts, and reducing costs. 23 U.S.C. 106(g)(2) and (3).
- D. To carry out the requirements of 23 U.S.C. 106(g), the FHWA will employ a risk management framework to evaluate financial integrity and project delivery, and balance risk with staffing resources, available funding, and the State's transportation needs. The FHWA may work collaboratively with WYDOT to assess the risks inherent with the FAHP and funds management, and how that assessment will be used to align resources to develop appropriate risk response strategies

Techniques the Division and WYDOT may use to identify and analyze risks and develop response strategies include the following:

- Program Assessments;
- FIRE Reviews;
- Program Reviews;
- Certification Reviews;
- Recurring or periodic reviews such as the Compliance Assessment Program (CAP);  
and
- Inspections of project elements or phases.

These techniques will be carried out in a manner consistent with applicable Division Standard Operating Procedures or other control documents relating to program assessments, FIRE, program reviews, CAP, etc.

The following techniques and processes will be used to carry out the requirements of 23 U.S.C. 106(g):

- *Review and Approval of the STIP* - FHWA will coordinate, review and approve the WYDOT STIP
- *Project Authorization* – FHWA will execute project agreements with WYDOT
- *Project Closeout* – FHWA will ensure that projects are closed out in a timely manner. Wyoming Division Finance will ensure that final payments are made to projects that were completed in compliance with the terms of the project agreement. Wyoming Division Engineering and Operations will ensure that WYDOT’s project acceptance is documented to support project closeout.
- *Billing/Improper Payment* – FHWA will ensure that Federal funds are properly managed and effectively used in accordance with Federal Laws, regulations and FHWA Policies
- *NEPA and Section 4(f)* – FHWA will ensure the proper coordination, review and approval of environmental documents in accordance with Federal laws, regulations and FHWA Policies
- *Risk-based Stewardship and Oversight* – FHWA will implement RBSO at the Program and Project levels in accordance with agency guidance. This will include but not be limited to:
  - *Actions required by law*
  - *CAP reviews*
  - *PoDI/PoCI Project Selection* - The selection and identification of PoDI projects will be risk-based and performed annually in accordance with agency guidance. The Wyoming Division will work with WYDOT in identifying PoDIs. The selection process will utilize WYDOT STIP sheets and apply a set of pre-screen criteria to develop a short-list of potential PoDI projects. A risk-based assessment will be conducted on the short-listed projects to support PoDI nomination. The final selection of PoDI projects will be presented to WYDOT.
- *Program and Process Reviews* – FHWA will conduct various program/process reviews

E. Program Responsibility Matrix

Attachment B to this S&O Agreement is the Program Responsibility Matrix example that identifies all relevant FHWA program actions, and Division and WYDOT program contact offices.

F. Manuals and Operating Agreements

WYDOT manuals, agreements and other control documents that have been approved for use on Federal-aid projects are listed in Attachment C to this S&O Agreement.

G. Stewardship and Oversight Indicators

The Division and WYDOT may jointly establish Stewardship and Oversight Indicators (Indicators). The Indicators should set targets, track trends, and implement countermeasures and actions when the data is moving away from the desired target direction. Indicators can provide documented evidence that WYDOT's assumption of responsibilities is functioning appropriately. Stewardship and Oversight Indicators should be reviewed on an annual basis. If utilized, the Indicators shall be incorporated by reference to this S&O Agreement.

## **SECTION XI. WYDOT OVERSIGHT AND REPORTING REQUIREMENTS**

### **A. WYDOT Oversight and Reporting Requirements**

WYDOT is responsible for demonstrating to the FHWA how it is carrying out its responsibilities in accordance with this S&O Agreement. In order to fulfill this responsibility, WYDOT will:

- Ensure Federal-aid projects will be designed in accordance with the appropriate design guides in place
- Develop contract documents including project plans and specifications in accordance with the accepted WYDOT Design Process
- Perform and document a PS&E check on all Federal-aid projects prior to advertisement to ensure all Federal requirements are met before proceeding with construction authorization
- Prepare an Engineer's Estimate for each Federal-aid project at PS&E to be used to support WYDOT's request for the obligation of Federal funds
- Advertise projects and award construction contracts to the lowest responsive and responsible bidder unless another procurement method has been approved by WYDOT
- Conduct construction activities in accordance with the executed construction contract and in accordance with WYDOT's Construction Manual
- Ensure that construction projects will be accepted in accordance with the procedures outlined in WYDOT's Construction Manual. WYDOT will provide an Engineer's Completion Report and Letter of Material Certification to FHWA to document the completion of the project and provide assurances that the project was constructed in accordance with the executed construction contract and any approved changes

WYDOT will maintain individual project files that will include documentation showing compliance with the approved project plans and specifications. WYDOT will provide FHWA access to the project files when requested.

B. WYDOT Oversight of Locally Administered Projects

- B.1. WYDOT shall provide adequate oversight of sub-recipients including oversight of any assumed responsibilities WYDOT delegates to a LPA.
- B.2. Pursuant to 23 U.S.C. 106(g)(4), WYDOT shall be responsible for determining that sub-recipients of Federal funds have adequate project delivery systems for locally administered projects and sufficient accounting controls to properly manage such Federal-aid funds. WYDOT is also responsible for ensuring compliance with reporting and other requirements applicable to grantees making sub-awards, such as monthly reporting requirements under the Federal Funding Accountability and Transparency Act of 2006, PL 109-282 (as amended by PL 110-252).
- B.3. WYDOT acknowledges that it is responsible for sub-recipient awareness of Federal grant requirements management of grant awards and sub-awards, and is familiar with and comprehends pass through entity responsibilities (2 C.F.R 200.331 Requirements for Pass-thru Entities). WYDOT shall carry out these responsibilities using the following actions, programs, and processes:  
WYDOT maintains a Local Government Coordination Office that provides oversight to LPAs and ensures Federal requirements are being met. In addition, WYDOT provides LPA Certification training for sub-recipients. This training is required before a sub-recipient is eligible to receive federal funding.
- B.4. WYDOT shall assess whether a sub-recipient has adequate project delivery systems and sufficient accounting controls to properly manage projects, using the following actions, programs, and processes:  
WYDOT conducts and documents a process for reviewing sub-recipients at the entity-level to ensure adequate project delivery systems and sufficient accounting controls are in place prior to Federal funds being awarded.
- B.5. WYDOT shall assess whether a sub-recipient is staffed and equipped to perform work satisfactorily and cost effectively, and that adequate staffing and supervision exists to manage the Federal project(s), by using the following actions, programs, and processes:  
WYDOT requires the sub-recipient's grant application to provide information regarding staffing and supervision of the project. WYDOT reviews this application prior to awarding Federal funds. In addition, WYDOT provides LPA Certification training for sub-recipients. This training is required before a sub-recipient is eligible to receive federal funding.

B.6. WYDOT shall assess whether sub-recipient projects receive adequate inspection to ensure they are completed in conformance with approved plans and specifications, by using the following actions, programs, and processes:

WYDOT's Local Government Coordination Office provides oversight to LPAs to ensure Federal requirements are met. WYDOT will perform and document project inspections and verify that the requirements stated in the executed contract documents are followed.

B.7. WYDOT shall ensure that when LPAs elect to use consultants for engineering services, the LPA, as provided under 23 CFR 635.105(b), shall provide a full-time employee of the agency to be in responsible charge of the project. WYDOT's process to ensure compliance with this requirement is documented by the following actions, programs, and processes:

WYDOT requires the sub-recipient's grant application to provide information regarding staffing and supervision of the project. WYDOT reviews this application prior to awarding Federal funds. The sub-recipient notifies WYDOT of the employee in Responsible Charge with appropriate contact information, regardless if a consultant is used for engineering services.

B.8. WYDOT shall ensure that project actions will be administered in accordance with all applicable Federal laws and regulations. WYDOT will provide oversight of various project phases/activities to include but not be limited to:

- a. Consultant selection and management;
- b. Environment;
- c. Design;
- d. Civil Rights;
- e. Financial management including audits and indirect cost allocation plans;
- f. Right-of-way;
- g. Construction monitoring, including Quality Control/Quality Assurance (QC/QA); and
- h. Contract administration including WYDOT's responsibility to approve a sub-recipient to pursue a contract procurement method other than competitive bidding.

WYDOT's Local Government Coordination Office will: coordinate and provide oversight to LPAs during the development of contract plans and specifications, perform a PS&E check prior to construction authorization, and conduct project inspections as needed throughout the construction of a Federal-aid project.

- B.9. WYDOT's Local Government Coordination Office shall document its oversight activities and findings for LPA-administered projects by maintaining individual project files. WYDOT will provide project information and access to the project files to FHWA upon request.

## **SECTION XII. IMPLEMENTATION AND AMENDMENTS**

- A. This S&O Agreement will take effect as of the effective date of the signature of the FHWA Wyoming Division Administrator, who shall sign this S&O Agreement last.
- B. The Division and WYDOT agree that updates to this Agreement will be considered periodically on a case-by-case basis or when:
- Significant new legislation, Executive orders, or other initiatives affecting the relationship or responsibilities of one or both parties to the S&O Agreement occurs;
  - Leadership, or leadership direction, changes at WYDOT or FHWA; or
  - Priorities shift as a result of audits, public perception, or changes in staffing at either WYDOT or the FHWA Division Office.
- C. The Division and WYDOT agree that changes may occur to the contents of the Attachments to this S&O Agreement and documents incorporated by reference into the S&O Agreement. Except as provided in paragraph XII.D and E, changes to the Attachments and documents incorporated by reference will not require the Division and WYDOT to amend this S&O Agreement. The effective date of any revisions to one of these documents shall be clearly visible in the header of the revised document. This Agreement and any revised document shall be posted on the Division's S&O Agreement internet site within five (5) business days of the effective date.
- D. Any changes to the high risk categories must be documented by an amendment to this S&O Agreement.
- E. Any changes to the Project Action Responsibility Matrix must be approved by the FHWA Office of Infrastructure in writing and documented by an amendment to this S&O Agreement.

PROJECT ACTION RESPONSIBILITY MATRIX**

The following matrix identifies Federal-aid highway program (FAHP) project approvals and related responsibilities on a program-wide basis. The matrix specifies which actions are assumed by WYDOT under the provisions of 23 U.S.C. 106(c) or other statutory or regulatory authority, as well as those which are reserved to FHWA. Projects classified as PoDI projects are not covered by the matrix, as those projects will be governed by a separate PoDI plan that specifies FHWA and WYDOT responsibilities for the project. WYDOT is responsible for ensuring all individual elements of the project are eligible for FAHP funding, but all final eligibility and participation determinations are retained by FHWA.
