State Transportation Innovation Councils

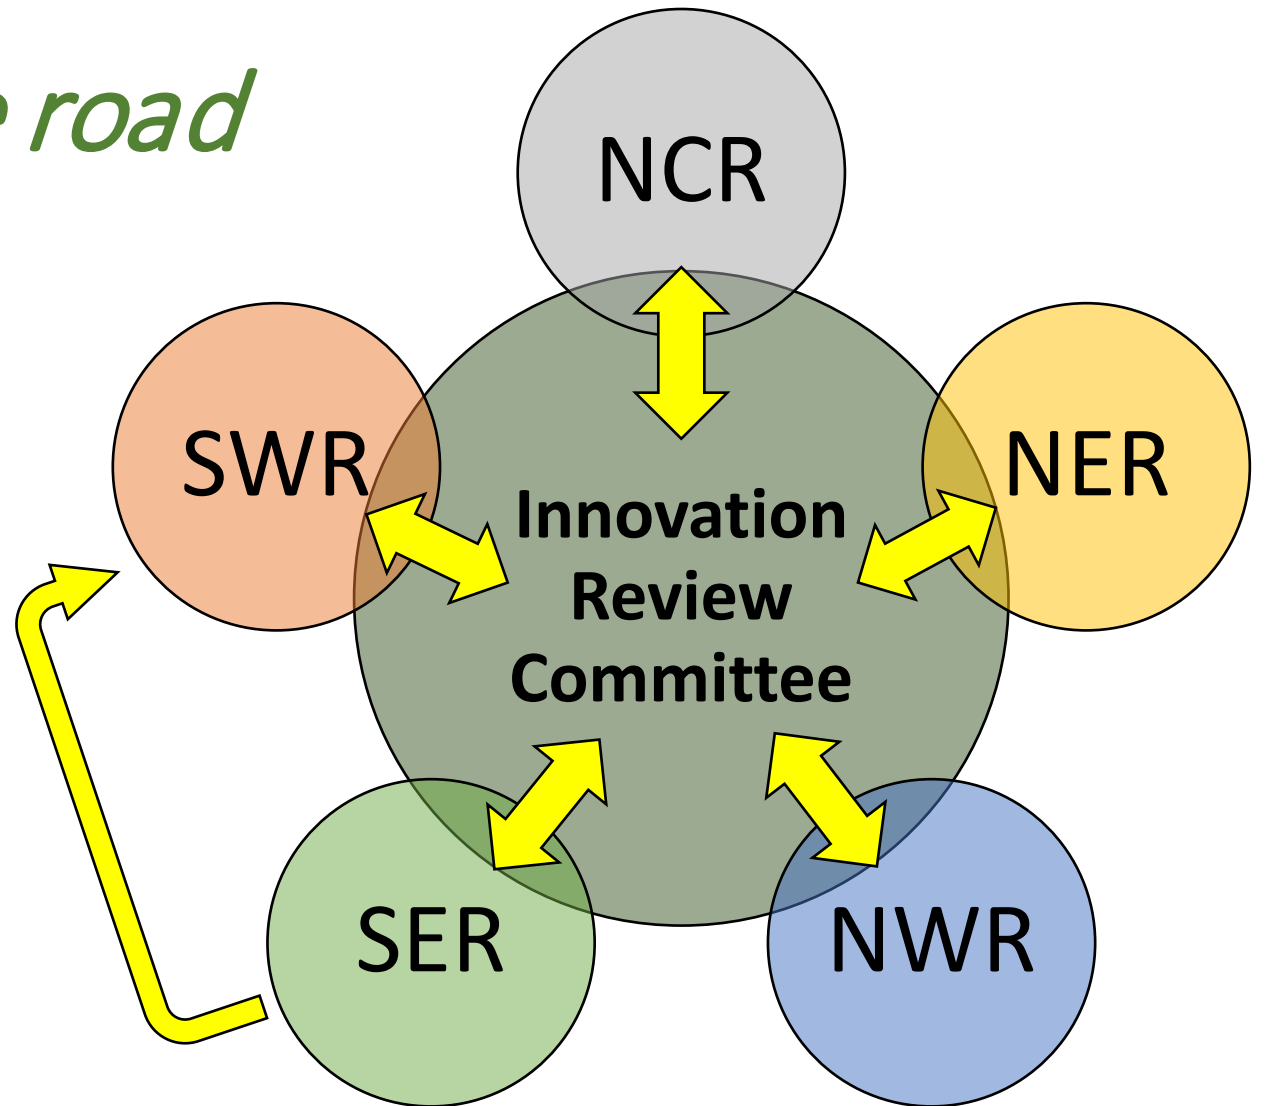

The DTSD  
**innovation**  
Review Committee

*“Innovation is all about people. Innovation thrives when the population is diverse, accepting and willing to cooperate.”*

# Taking innovation on the road

- Local-based innovation teams enable regions to take action, track ideas and measure improvement as part of the division program
- Mechanism to strengthen ties between CO and Regions; creating transparency of innovation activities
- Able to identify similar efforts among innovation teams and align effort
