1/ See Table MV-2 for details of receipts. Differences between amounts shown and Table MV-2 are due to timing differences and funds in transit.

2/ Collection expenses in many States include service charges deducted by county and local collectors.

3/ The distributions shown include both specific dedications and the prorated share of motor-vehicle and motor-carrier revenue distributions from common funds with multiple revenue sources.

4/ Includes expenditures for county roads under State control.

5/ Some allocations for local general purposes may have been used in part for highways.

6/ Includes only allocations for specific nonhighway purposes.

7/ Gross allocations of highway-user revenues to State general funds were reduced by appropriations for highways from State general funds. These amounts are included with allocations for State highway purposes.

8/ In these States, most highway-user revenues are placed in the State general fund. For a discussion of general fund States' financing, see "Highway Finance" text under "Funds Attributable to Highway Users."
