

Asphalt and Concrete Workshops

The Federal Highway Administration (FHWA) is offering workshops for asphalt and concrete Targeted Overlay Pavement Solutions (TOPS) to State Highway Agencies starting in March 2023.

ASPHALT PRODUCTS

- ▶ Asphalt Rubber Gap-Graded
- ▶ Crack Attenuating Mixture
- ▶ Highly Modified Asphalt
- ▶ High-Performance Thin Overlay
- ▶ Open-Graded Friction Course
- ▶ Stone Matrix Asphalt
- ▶ Ultra-Thin Bonded Wearing Course

CONCRETE PRODUCTS

- ▶ Bonded Concrete on Asphalt
- ▶ Bonded Concrete on Concrete
- ▶ Unbonded Concrete on Asphalt
- ▶ Unbonded Concrete on Concrete

DETAILS

The one-day in-person workshops will cover:

- ▶ Project selection
- ▶ Specifications and acceptance
- ▶ Mixture design
- ▶ Laboratory testing, construction, and deployment strategies

GOAL

The overall goal of each workshop is to provide practical technical instructions for the planning, design, and construction of TOPS asphalt and concrete overlays.
