

Kansas

Clark, Gray and Meade Counties Bridge Bundle

CHBP FY 2018 Grant Award: \$3,913,000

Recipient: Kansas Department of Transportation

Project Description

The project replaces five bridges in Clark, Gray and Meade Counties in Kansas that are load posted.

Project Benefits

The project will improve the condition of five bridges to good and eliminate the need for load restrictions on the existing bridges. The five bridges are being replaced with wider structures to support agricultural businesses. The project supports the local economy and reduces impediments to traffic, especially trucks carrying farm equipment.
