## I-515 Las Vegas Bridge Replacements

**CHBP FY 2018 Grant Award: \$9,821,000**

**Recipient: Nevada Department of Transportation**

### **Project Description**

The project rehabilitates two interstate bridges. The I-515 bridges over Desert Inn Road and Eastern Avenue in Las Vegas will have their superstructure and deck replaced.

### **Project Benefits**

The project will improve the condition of two bridges on I-515 in Las Vegas, supporting the region's economic activities and maintaining access on the interstate. The use of accelerated bridge construction techniques on this project will allow the project to advance quickly with less disruptions to the traveling public during construction.
