

North Dakota

Bridge Rural Replacement Program

CHBP FY 2018 Grant Award: \$6,511,000

Recipient: North Dakota Department of Transportation

Project Description

The project replaces 18 bridges in poor condition throughout the state.

Project Benefits

The project improves 18 bridges from poor condition to good. The improvements support economic vitality by removing load-restricted bridges, allowing for the unimpeded movement of freight and other heavy vehicles. Replacing these bridges will reduce overall maintenance costs.
