

# SAMPLE – SAMPLE - SAMPLE

This sample flyer for the collection of demographic data was developed by collecting commendable practices from Federal Highway Administration recipient agencies. It is provided by FHWA as an example of how state highway agencies, as well as cities, counties, and metropolitan planning organizations, can collect demographic information at public meetings to help ensure compliance with Title VI of the Civil Rights Act of 1964. It is not intended as an exhaustive list of possible demographic categories or as the only acceptable format for capturing this data. FHWA recipients can and should tailor their data collection instruments to suit their particular needs.
