Consultant Services
Independent Cost Estimating
Peer Exchange Meeting

Washington State Department of Transportation
Procedures and Assessment

Presenters: Meg Blau, NW Region Area Consultant Liaison Engineer
Sheril MacKenzie, NW Region Program Manager
Who We Are

Meg Blau
• 22+ years Consultant Liaison services
• Provides expertise to WSDOT offices statewide
• Works with contracts from inception to closure

Sheril MacKenzie
• 10+ years combined Consultant Liaison / Program Management services
• Major program expertise
• Expertise in funding, scoping and negotiating major programs
Agency Goals for Consultant Services

• Comply with Federal Requirements
• Transparent, Equitable, and Competitive Selection Processes
• Comprehensive scopes with Consultant participation
• Negotiated detailed and equitable cost estimates
• Successful project completion
Beginning the Process

- WSDOT and Local Agencies propose projects to State Legislature
- Legislature develops general budget for projects
- Budget passed and projects assigned to WSDOT regions
Project Office Involvement

- Project office assesses project and assigns staffing
- Staff includes at least the Project Manager for the project
- Project office determines if consultants needed
Decision to Use Consultants

- Project office develops draft scope of work
- Draft scope covers main elements of work in outline form
- Project office seeks internal staffing commitments
- Determine internal project and/or specialty staff availability
- Level of consultant services determined
  - Partial staffing for specialty items
  - Full staffing for entire project
Develop State Project Understanding

- Project delivery selection process to determine construction method
- A more detailed scope for initial project work developed
- Scoping usually includes internal specialists review of elements
- Scoping also includes review by executives overseeing project
Develop General Project Budget

- Project office develops initial understanding of budget
- Initial budget is based on two elements:
  - The amount of funding authorized by legislature
    - Legislature allocates funding between three elements:
      - Design through PS&E
      - Right of way needs
      - Construction
  - The expectation that consultant services will cost more than state services
Digression: Types of Contracts for A&E Services

- Cost Plus Fixed Fee
- Negotiated Hourly Rate
- Negotiated Hourly Rate Task Order
- Lump Sum
Consultant Selection Process

- Consultant services are assigned to project elements
- Consultant Selections (two types)
Develop Draft Final Scope, Schedule, Budget

- Consultant / State develop draft final scope of work
- Consultant develops blank cost estimating spreadsheet
- Consultant provides spreadsheet to Project Office
Independent Hours and Cost Estimating

• Consultant and State independently estimate hours for draft final scope
• Consultant and State estimate fee percent for project
Negotiations Planned

• Negotiations are scheduled and consultant and state staff invited
• Time and location are determined
• Draft negotiations schedule may be developed
• Consultant spreadsheet may be used to track negotiated hours
• Negotiations are usually completed within one day
Elements and Process of Negotiation, Part 1

- Discussion starts with hours estimated by State and Consultant
- Hours discussion will include scope elements and agreed changes
- Discussion includes levels of staffing for elements
- Costs for direct expenses are discussed
Elements and Process of Negotiation, Part 2

- Overhead is discussed
- Fee (profit) negotiations are completed
Contract Assembly

• Discussions of scope, schedule and costs are complete
• Consultant provides final workbook with hours and costs
• Consultant provides final scope proposed with schedule
• State reviews final scope, schedule and consultant proposed budget
• State accepts final scope, schedule and cost proposal
• Agreement / Contract is assembled
Additional Information

Note: Currently the State is managing approximately 1,300 agreements, normal is about 3,000, and highest is at 5,000+ agreements at one time.
