

**STEWARDSHIP AND OVERSIGHT AGREEMENT
ON PROJECT ASSUMPTION AND PROGRAM OVERSIGHT
BY AND BETWEEN THE
FEDERAL HIGHWAY ADMINISTRATION,
WASHINGTON DIVISION OFFICE,
AND THE
WASHINGTON STATE DEPARTMENT OF TRANSPORTATION (WSDOT)**

SECTION I. BACKGROUND AND INTRODUCTION

In enacting section 106(c) of title 23, United States Code (U.S.C.), as amended, Congress established authority for a State department of transportation (State DOT) to carry out certain project responsibilities traditionally handled by the Federal Highway Administration (FHWA) through a delegation from the Secretary of the U.S. Department of Transportation (“Secretary”). The authority in 23 U.S.C. 106(c) applies to projects that are subject to the requirements of title 23, U.S.C. (“title 23”) because the State DOT receives Federal funding or because the State DOT needs an FHWA action for the project even though the project may not use Federal funds. Congress also recognized the importance of a risk-based approach to FHWA oversight of the Federal-aid highway program (FAHP), establishing requirements in 23 U.S.C. 106(g). In addition to assumptions of responsibility, FHWA-State DOT Stewardship and Oversight Agreements cover certain oversight activities relating to the oversight requirements of 23 U.S.C. 106(g).

The FHWA may not assign its decision making authority to a State DOT unless authorized by law. The authorities FHWA assigns to a State DOT under 23 U.S.C. 106(c)(1) and (2) are listed in Attachment A of the applicable FHWA-State DOT Stewardship and Oversight Agreement. A decision, determination, or action carried out by a State DOT under the authority of a Stewardship and Oversight Agreement (“Agreement”) does not constitute an eligibility, participation, obligation, reimbursement, authorization, or compliance decision by or for FHWA.

For clarity, Attachment A also lists certain other actions FHWA may have allowed a State DOT to undertake based on delegation or assumption provisions in other Federal laws. As noted in those Attachment A listings, a State DOT exercise of those authorities is governed by separate agreements between FHWA and that State DOT.

For project responsibilities that are not assumed by a State DOT under 23 U.S.C. 106(c) and are not otherwise delegated or assigned in accordance with another Federal law, FHWA may authorize a State DOT to perform work needed to reach the FHWA decision point, or to implement FHWA’s decision. However, such decisions themselves are reserved to FHWA.

SECTION II. INTENT AND PURPOSE OF AGREEMENT

This Agreement establishes the roles and responsibilities of the FHWA Washington Division Office and the Washington State Department of Transportation (WSDOT) with respect to certain title 23 project approvals and related responsibilities, and FAHP oversight activities.

Nothing in this Agreement affects the Secretary's authority, or authority delegated to FHWA, to oversee compliance with Federal requirements. These authorities include but are not limited to 23 U.S.C. 114, under which the Secretary has the right to conduct such inspections and take such corrective action as the Secretary determines to be appropriate.

This Agreement carries out 23 U.S.C. 106(c)(3), which requires FHWA and the State DOT to enter into an agreement relating to the extent to which the State DOT assumes project responsibilities pursuant to section 106(c). This Agreement also documents certain oversight activities that FHWA and the WSDOT will use to efficiently and effectively deliver the FAHP.

Section IV of this Agreement covers assumption of project approvals on the National Highway System (NHS). Section V covers assumption of project approvals off the NHS.

The Project Action Responsibility Matrix, Attachment A to this Agreement, describes responsibilities that the WSDOT assumes from FHWA pursuant to 23 U.S.C. 106(c) and other legal authorities.

Upon execution of this Agreement, Attachment A controls and, except as specifically noted in Attachment A (including any amendment thereto done in accordance with section VIII) and sections IV and V of this Agreement, no other agreements, attachments, or other documents shall have the effect of delegating or assigning FHWA approvals to the WSDOT under 23 U.S.C 106(c), or have the effect of altering Attachment A.

SECTION III. PERMISSIBLE AREAS OF ASSUMPTION UNDER 23 U.S.C. 106(c)

FHWA has determined the activities and actions that are assumable under 23 U.S.C. 106(c). Those activities and actions are listed in a template issued by FHWA to create this Agreement and cover only activities or actions in the following areas:

- A. Design, which includes preliminary engineering, engineering, and design-related services directly relating to the construction of a FAHP-funded project, including engineering, design, project development and management, construction project management and inspection, surveying, assessing resilience, mapping (including the establishment of temporary and permanent geodetic control in accordance with specifications of the National Oceanic and Atmospheric Administration), and architectural-related services.
- B. Plans, specifications and estimates (PS&E), which represents an array of actions and approvals required before authorization of construction and carried out during construction. The PS&E package includes standards, drawings, specifications, project estimates, certifications relating to completion of right-of-way acquisition and relocation, utility work, and railroad work.
- C. Contract awards, which include procurement of professional and other consultant services and construction-related services to include advertising, evaluating, and awarding contracts.

- D. Inspections, which include general contract administration, material testing and quality assurance, review, and inspections of Federal-aid contracts as well as final inspection/acceptance.
- E. Approvals and related responsibilities affecting real property as provided in title 23, Code of Federal Regulations (CFR), section 710.201(h) and any successor regulation.

The WSDOT is to exercise any and all assumptions of the FHWA's responsibilities in accordance with the Federal laws, regulations, policies, Executive Orders, and procedures that would apply if the responsibilities were carried out by FHWA. For all projects and programs carried out under title 23, the WSDOT will comply with title 23 and all applicable non-title 23 Federal-aid program requirements.

SECTION IV. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS ON THE NHS

For projects under title 23 that are on the NHS, including projects on the Interstate System, the WSDOT may assume FHWA's title 23 responsibilities for activities or actions assumable under 23 U.S.C. 106(c) if the FHWA Washington Division Office determines that assumption of responsibilities is appropriate and the WSDOT agrees.

- A. The activities or actions on the NHS assumed by the WSDOT under this Agreement are listed in Attachment A.
- B. Activities or actions for which the WSDOT has assumed the FHWA's responsibilities apply program-wide, except when superseded on a project-by-project basis by provisions contained in a stewardship and oversight plan developed by the FHWA Washington Division Office for a specific project. Additional discussion on FHWA project involvement is included in section VI.D of this Agreement.
- C. In accordance with 23 U.S.C. 106(c)(4), the Secretary may define high-risk categories for Interstate projects on a national basis, a State-by-State basis, or a national and State-by-State basis. A State DOT may not assume responsibilities for Interstate projects in a designated high-risk category. Currently, FHWA has not designated any high-risk categories applicable to Washington in accordance with 23 U.S.C. 106(c)(4). If the FHWA makes a future high-risk designation that applies to Washington, then that designation will immediately supersede the assumptions of responsibilities elsewhere in this Agreement to the extent of that high-risk designation.

SECTION V. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS OFF THE NHS

For projects under title 23 that are not on the NHS, the WSDOT must assume FHWA's title 23 responsibilities for activities or actions assumable under 23 U.S.C. 106(c) unless the WSDOT determines that assumption of responsibilities is not appropriate (23 U.S.C. 106(c)(2)).

- A. The activities or actions off the NHS assumed by the WSDOT under this Agreement are listed in Attachment A.

- B. Activities or actions for which the WSDOT has assumed the FHWA's responsibilities apply program-wide, except when superseded on a project-by-project basis by provisions contained in a stewardship and oversight plan for a specific project developed by the FHWA Washington Division Office. For non-NHS projects, the WSDOT must determine that superseding an assumption listed in Attachment A for a specific project is appropriate. Additional discussion on FHWA project involvement is included in section VI.D of this Agreement.
- C. Except as provided in 23 U.S.C. 109(o), the WSDOT is to exercise FHWA's approvals and related responsibilities on these projects in accordance with Federal laws, regulations, policies, Executive Orders, and procedures that would apply if the responsibilities were carried out by FHWA.
- D. In accordance with 23 U.S.C. 109(o), non-NHS projects shall be designed and constructed in accordance with State laws, regulations, directives, safety standards, design standards, and construction standards, except that a local jurisdiction may use a roadway design guide recognized by FHWA and adopted by the local jurisdiction that is different from the roadway design guide used by the State in which the local jurisdiction is located for the design of projects on all roadways under the ownership of the local jurisdiction for which the local jurisdiction is the project sponsor, provided that the design complies with all other applicable Federal laws.

SECTION VI. FHWA OVERSIGHT PROGRAM UNDER 23 U.S.C. 106(g)

The Secretary must establish an oversight program to monitor the effective and efficient use of funds authorized to carry out the FAHP (23 U.S.C. 106(g)). This includes FHWA oversight of the WSDOT processes and management practices, including those involved in carrying out the approvals and related responsibilities assumed by the WSDOT under 23 U.S.C. 106(c).

Section 106(g) requires, at a minimum, FHWA's oversight program be responsive to all areas relating to financial integrity and project delivery. To carry out the requirements of 23 U.S.C. 106(g), FHWA uses a risk management framework to evaluate financial integrity, project delivery, and other aspects of the FAHP. The objective is to balance risk while considering staffing, budget resources, and the State's transportation needs.

The FHWA Washington Division Office and the WSDOT may use a variety of methods to identify, analyze, and manage risks and develop response strategies, such as oversight techniques, manuals and operating agreements, stewardship and oversight indicators, and FHWA project involvement.

A. Oversight Techniques

Techniques the FHWA Washington Division Office and the WSDOT may use to identify and analyze risks and develop response strategies include, but are not limited to, the following:

- Program assessments;
- FHWA Financial Integrity Review and Evaluations reviews;

- Program reviews;
- Certification reviews;
- Recurring or periodic reviews such as the FHWA Compliance Assessment Program;
- Inspections of project elements or phases.

B. Manuals and Operating Agreements

The WSDOT manuals, agreements and other control, monitoring, and reporting documents that are used on Federal-aid projects are listed in Attachment B to this Agreement. At a minimum, this list will include documents required by statute or regulation to be submitted to or approved by FHWA. Additional documents may be included as agreed to by the FHWA Washington Division Office and the WSDOT.

C. Stewardship and Oversight Indicators

The FHWA Washington Division Office and the WSDOT have established stewardship and oversight indicators (indicators) to help monitor performance of responsibilities assumed under this Agreement. Indicators are those intended to provide evidence of how well a State DOT assumption of responsibilities is functioning. Indicators set targets, track trends, and may help determine when countermeasures and actions are implemented or adjusted. The indicators are agreed to as provided in Attachment C.

D. FHWA Project Involvement

The FHWA Washington Division Office may select projects (individually or by type) for risk-based FHWA project involvement and stewardship and oversight activities, based on a risk assessment and the responses to identified threats and opportunities. The FHWA Washington Division Office will identify the risks and document actions that it will undertake to respond to the risks in a stewardship and oversight plan for the affected project(s).

In some instances, such as in response to elevated risks, the assumption by the WSDOT of project approval actions under Attachment A to this Agreement may be superseded on a project-by-project basis by provisions in the stewardship and oversight plan for those specific projects, per sections IV and V of this Agreement. Stewardship and oversight plans for specific projects will distinguish which project approval actions under Attachment A are superseded by the project specific plan. Project approval actions under Attachment A that are not superseded by the project specific plan remain in effect.

SECTION VII. STATE DOT OVERSIGHT RESPONSIBILITIES

This section addresses how 23 U.S.C. 106(c) assumed authorities are carried out by the WSDOT. The actions include monitoring to assure that the WSDOT is properly carrying out its responsibilities in accordance with this Agreement.

- A. The WSDOT is responsible for demonstrating to FHWA how it is carrying out its responsibilities in accordance with this Agreement. The WSDOT will provide information to the FHWA Washington Division Office upon request.
- B. The WSDOT represents that processes, procedures, and practices from manuals, agreements, and other documents listed in Attachment B to this Agreement comply with applicable Federal requirements.
- C. The WSDOT is responsible for ensuring that its subrecipients meet applicable Federal requirements. This includes but is not limited to evaluating each subrecipient's risk of ensuring compliance and determining the appropriate oversight and monitoring with respect to both the subaward and any 23 U.S.C. 106(c) assumed responsibilities that a subrecipient has been permitted to carry out on behalf of the WSDOT (2 CFR 200.332). The WSDOT is responsible for determining that subrecipients of Federal funds are suitably staffed and equipped (23 CFR 635.105(c)(3)) and have adequate project delivery systems and sufficient accounting controls to properly manage these funds (23 U.S.C. 106(g)(4)); 2 CFR 200.303).

SECTION VIII. AGREEMENT EXECUTION AND MODIFICATIONS

A. Agreement Execution

This Agreement is effective when fully executed by the FHWA Washington Division Administrator and authorized representative of the WSDOT. The WSDOT duly-authorized official shall execute this Agreement and then submit it to the FHWA Washington Division Administrator, who shall sign this Agreement last.

B. Agreement Modifications

The FHWA Washington Division Office and the WSDOT acknowledge that Agreement modifications (minor revisions or amendments) are needed periodically. Either party may initiate a request to modify this Agreement.

1. Minor Revisions

The FHWA Washington Division Office and the WSDOT may make minor revisions to this Agreement without an amendment. For purposes of this Agreement, a minor revision makes a technical correction, addresses non-substantive changes such as a change in points-of-contact or document names, or revises aspects of procedures that do not materially change the terms of this Agreement. Changes to Attachments B or C are considered minor revisions. Minor revisions are recorded in a change log by the FHWA Washington Division Office. Minor revisions may be executed without FHWA legal sufficiency review or coordination with FHWA's Office of Infrastructure.

2. Amendments

Modifications to this Agreement that exceed the definition of a minor revision in paragraph B.1. of this section shall require execution of an amendment to this Agreement. Amendments include any change to Attachment A. The amendment

shall follow the execution procedure set forth in paragraph A of this section. Amendments require FHWA legal sufficiency review and coordination with FHWA's Office of Infrastructure.

C. New Agreement

This Agreement will be replaced in its entirety and a new Agreement executed between the FHWA Washington Division Office and the WSDOT when mutually agreed upon by the parties, or as requested by the FHWA Office of Infrastructure to account for changes to regulations or statute or upon issuance of a revised Stewardship and Oversight Agreement Template. New Agreements require FHWA legal sufficiency review and coordination with FHWA's Office of Infrastructure prior to execution.

The electronic Agreement file shall contain the executed Agreement, any change logs, and amendments.

EXECUTION BY THE FHWA WASHINGTON DIVISION OFFICE:

Name: Ralph J. Rizzo

Title: Division Administrator

Date Executed: 8/20/2024

EXECUTION BY THE WASHINGTON DEPARTMENT OF TRANSPORTATION:

Name: Roger Millar

Title: Secretary of Transportation

Date Executed: 8/19/2024

ATTACHMENT A

Project Action Responsibility Matrix

This matrix identifies the Federal-aid highway program (FAHP) project approvals and related responsibilities. The matrix specifies which actions are assumed by the WSDOT pursuant to this Stewardship and Oversight Agreement (“Agreement”) and certain other applicable authorities as specified in the tables in this Attachment A.

The WSDOT is responsible for ensuring all applicable elements of the project are eligible for FAHP funding. Where the WSDOT assumes authority to make a decision, approval, determination or action, the WSDOT decision does not constitute an eligibility, obligation, reimbursement, authorization, or compliance decision by or for the Federal Highway Administration (FHWA). Final decisions on those matters must be made by FHWA.

Table 1: Financial Management

#	ACTION	AGENCY RESPONSIBLE NHS	AGENCY RESPONSIBLE Non-NHS
1	Review and accept initial financial plan for Federal major projects [23 U.S.C. 106(h)]	FHWA	STATE
2	Review and accept financial plan annual updates for Federal major projects [23 U.S.C. 106(h)]	FHWA	STATE
3	Obligate funds/authorize Federal-aid project agreement (including advance construction authorization and conversion), modifications, and project closures (project authorizations) [23 U.S.C. 106(a)(2); 23 CFR 630.106, 630.703, 630.709]	FHWA	FHWA
4	Authorize to advertise for bids when all preconditions are met [23 CFR 635.112(a), 635.309]	STATE	STATE
5	Approve reimbursements including authorizing current bill (23 U.S.C. 121)	FHWA	FHWA
6	Approval of reimbursement for bond-issue projects [23 U.S.C. 122; 23 CFR part 140, subpart F]	FHWA	FHWA

Table 2: Environment

64	Approval of construction price analysis and agreed price for construction services of a CM/GC project or portion of the project [23 CFR 635.506(d)(4)]	STATE	STATE
65	Approval of CM/GC project preconstruction services contract award [23 CFR 635.506(e)]	STATE	STATE
66	Concur in advertising an ID/IQ solicitation prior to completion of NEPA [23 CFR 635.605(a)(2)]	STATE	STATE
67	Concur in awarding an ID/IQ contract prior to completion of NEPA [23 CFR 635.605(a)(3)]	STATE	STATE
68	Approve a time extension of an ID/IQ contract [23 CFR 635.604(a)(6)(i)]	STATE	STATE

ATTACHMENT B

Manuals, Agreements, Control, Monitoring, and Reporting Documents

This attachment lists manuals, agreements and other control, monitoring, and reporting documents that are used on Federal-aid projects per section VI.B of this Agreement.

Documents that include items that must be submitted to FHWA for review and/or approval	
1.	Bridge Design Manual (M 23-50)
2.	Bridge Inspection Manual (M 36-64)
3.	Construction Manual (M 41-01)
4.	DBE Program Plan
5.	Design Manual (M 22-01)
6.	EEO Assurances (Part I Contractor Compliance and Part II Internal Employment)
7.	Environmental Manual (M 31-11)
8.	General Special Provisions
9.	Geotechnical Design Manual (M 46-03)
10.	Hydraulics Manual (M 23-03)
11.	Local Agency Guidelines (M 36-63)
12.	MUTCD-Washington Modifications
13.	ROW Manual (M 26-01)
14.	Standard Specifications for Road, Bridge and Municipal Construction (M 41-10) -- Specifically, Chapter 1 per October 2018 FHWA-WSDOT MOA
15.	Statewide Transportation Improvement Program (STIP)
16.	TITLE VI Program/Limited English Proficiency Implementation Plan
17.	Standard Plans (M 21-01) -- (specifically Ch 1 per October 2018 FHWA-WSDOT MOU: Delegation of FHWA approval of modifications to certain WSDOT Specifications and Special Provisions)
18.	Program Responsibility Matrix (formerly Attachment B in 2015 FHWA-WSDOT S&O Agreement)
19.	October 2018 FHWA-WSDOT MOU: Delegation of FHWA approval of modifications to certain WSDOT Specifications and Special Provisions
20.	October 2021 FHWA-WSDOT MOU: Delegation of FHWA Approval of Modifications to Certain WSDOT Design Build Templates
21.	WSDOT Transportation Asset Management Plan (TAMP)
22.	WSDOT Design-Build Manual
23.	WSDOT Design-Build Manual Templates
24.	December 2019 FHWA Letter to WSDOT: Minor Changes to WSDOT Construction Manual
25.	LP Environmental Classification Summary (ECS) Guidebook
26.	FHWA Washington Project of Division Interest (PoDI) Guide (11/07/2022)
27.	Consultant Services Manual (M 27-50)
28.	Advertisement and Award Manual
29.	Plans Preparation Manual (M 22-31)
30.	Materials Manual (M 46-01)
31.	Utilities Manual (M 22-87)
32.	Traffic Manual (M 51-02)
33.	Emergency Funding Manual (M 3014)

Documents that do not include items that must be submitted to FHWA for review and/or approval. These documents will be made available to FHWA upon request.	
1.	Additional documents to be provided upon request

ATTACHMENT C

Stewardship and Oversight Indicators

Indicators used to monitor assumptions of responsibility per section VI.C of this Agreement.

STEWARDSHIP AND OVERSIGHT INDICATORS	
1.	Total number of bridge inspections due in calendar year, and the number actually performed. Indicator will be expressed as a percentage, for all structures reported for both State and locally-owned structures, and reported annually.
2.	Total costs expended for NBI inspections annually. Indicator will be expressed as a percentage, for all NBI bridge inspections completed for both State and locally-owned structures, and reported annually.
3.	Total deck area of poor condition NHS bridges for the state of Washington. Indicator will be expressed as a percentage, for all structures reported by the state of Washington overall, and for both State and locally-owned structures, and reported annually.
4.	Total deck area of poor condition non-NHS bridges for the state of Washington. Indicator will be expressed as a percentage, for all structures reported by the state of Washington overall, and for locally- owned structures, and reported annually.
5.	Total number of load restricted structures compared to non-load restricted structures. Indicator expressed as a percentage, for all structures reported on NHS routes and non-NHS routes, both State and locally-owned structures and reported annually.
6.	Number of complaints received regarding prompt payment/return of retainage and actions taken.
7.	[Civil Rights] Timeliness of reporting (Program Plan/Update submissions).
8.	DBE Participation achieved for the Federal Fiscal Year compared to the annual, triennial goal.
9.	Original Working Days vs. Final Working Days by Region
10.	Award Amount vs. Engineer's Estimate (Avg. % By Region)
11.	Final Amount vs. Award Amount (Avg. % by Region)
12.	Compile and submit all Public Interest Findings Yearly
13.	Continued submission of Local Programs Annual Stewardship Report.
14.	Report on Design Variances (number, type, description, justification)
15.	# of High Risk ITS WSDOT and LP projects deployed, and % of these that used high-risk ITS Systems Engineering process.
16.	The biennial number of Research or Technology Transfer projects initiated and completed.
17.	ROW certifications: # of new certifications - Cert 1, 2, and Time-based Cert 3 # of updated certifications
18.	# of preliminary ROW certifications issued for Design Build projects
19.	Local Agency Program Report (including): # Projects Certified # Certs w/ Oversight Reports Issued #Acquisition Files Spot Checked and Reviewed #Relocation Plans Approved # ROW Procedures-New & Updated #Active ROW Projects
20.	# of Executed/Completed Disposals and ROW Use Agreements
21.	# of Federal Land Transfers and any challenges
22.	# of Waivers for comparable replacement dwellings and summary of issues requiring the waiver
23.	# of Waiver Valuations over \$35,000
24.	# of Relocation Plans
25.	WSDOT provides an annual report on Outdoor Advertising.
26.	WSDOT provides annual report on Junkyard Control
