

A photograph of a highway interchange during sunset or sunrise. In the foreground, a green rectangular sign on a pole stands prominently, displaying "46B" in large white letters at the top and "EXIT" below it, with a white right-pointing arrow. The sign is set against a backdrop of a complex multi-level highway system with several overpasses and support pillars. The sky is a pale yellow or light orange, suggesting the time of day. The overall scene is hazy and has a warm, golden glow.
