### NARRATIVE

[REDACTED]

### Crash Details

#### Scene:

At the location of this crash, SR0018 is a two lane highway made from blacktop and appears to be in good condition. This crash occurred 4/10 of a mile south of Cross Station Road, along the west berm of SR0018. The posted speed limit for this area is 45 miles per hour. The width of this roadway is approximately 22 feet with 11 feet wide lanes from center line to fog line. The west berm is made of asphalt which is approximately 7.5 feet in width. The south berm is made of asphalt and approximately 6.8 feet in width. The section of roadway curves left curve and is level with a guide rail along both berm. There were no adverse
