## A Roadmap for Missouri: Assessing Needs for an Implementation Framework for Incorporating EPDs

### Project Goals:

- (1) Assess the gaps in EPD availability and comparable EPD data within Missouri,
- (2) Determine what EPD categories are most important to Missouri, and
- (3) Recommend to what degree and timeline Missouri DOT should adopt to use EPDs to improve the environmental footprint of our infrastructure.

### Project Tasks:

- **Task A:** Literature Review and Detailed Project Plan
- **Task B:** Consultation with Key Stakeholders and Initial EPD Gap Summary
- **Task C:** EPD Evaluation, Prototype Development and/or Validation: Types I and II
- **Task D:** EPD Evaluation, Prototype Development and/or Validation: Types III and IV
- **Task E:** Development of Best Practice Recommendations for EPD Deployment
- **Task F:** Documenting Remaining Research, Development and Deployment Gaps
- **Task G:** Comprehensive Final Report
