Fewer Fatalities &
Serious Injuries

Webinar: IHSDM 2017 and the New IHSDM Economic Analyses Tool

November 1, 2017 1:00-2:30 EDT

Join us for this “how-to” webinar!

With the addition of a new Economic Analyses (EA) Tool, users can now conduct economic analyses within IHSDM using Crash Prediction Module evaluation results (crash frequencies and severities).

The initial version of the IHSDM EA Tool applies to freeways and will be expanded to include all facility types covered by Part C of the Highway Safety Manual.

This webinar is open to all transportation professionals. Participants must register in advance at <https://collaboration.fhwa.dot.gov/dot/fhwa/WC/Lists/Seminars/DispForm.aspx?ID=1508> or click the button below. Space is limited. Please register as soon as possible.

[Click here to register](#)

Note: Non-U.S. DOT employees must have an FHWA external collaboration account to register. If you do not have an account please visit http://bit.ly/webinar_account to request one.
