

# Value Capture and Asset Recycling: Advancing Public Infrastructure in a time of Funding Uncertainty & Case Study

October 24th, 2019

1:00 pm – 3:00 pm (EDT)

The Federal Highway Administration Every Day Counts EDC-5 Value Capture Implementation Team will host a webinar on Thursday, October 24th, 2019, from 1:00pm to 3:00pm EDT that features presenters that will discuss the State-of-Practice of Value Capture and Asset Recycling to advance public infrastructure in a time of change and uncertainty. Asset Recycling is the long-term leasing of aging existing facilities to well-qualified private partners and “recycling” the lease proceeds into new (but currently unfunded) infrastructure. It does not have to be a revenue generating facility. This new infrastructure creates value and attracts new development. Value Capture seeks a portion of this new created value to recycle to current or new infrastructure improvement needs.

Value Capture and Asset Recycling, among other strategies, can be used to create new funding sources. When coupled with favorable concessionary finance structures, this can help make critical infrastructure projects affordable. Value Capture and Asset Recycling offer exciting new opportunities for local governments, its communities, and businesses to support such infrastructure investments and/or services. This webinar will explain the full range of options for funding, financing, and project delivery/procurement.

Do you need a transportation funding solution for your city, county, and township? Do you know which revenue tools are available to fund improved services and capital expenditures in your community? Do you need infrastructure to accommodate your communities’ anticipated growth? Do you need assistance in bundling revenue and finance techniques to make project affordable? Come to this webinar to learn how Value Capture and Asset Recycling Concession can help your community.

**TARGET AUDIENCE:** Metropolitan and Rural Planning/Programming Organizations, States, Cities, Counties, Townships, and Tribal Transportation Professionals: Anyone involved in development or administration of the Value Capture Program Elements.

WEBINAR TOPIC & REGISTRATION LINK	DATE	TIME
<a href="https://collaboration.fhwa.dot.gov/dot/fhwa/WC/SitePages/Register.aspx?WCID=2041">Value Capture: Capture Value from Existing Assets to Fund Previously Unfunded Infrastructure Projects and Case Studies</a> <a href="https://collaboration.fhwa.dot.gov/dot/fhwa/WC/SitePages/Register.aspx?WCID=2041">https://collaboration.fhwa.dot.gov/dot/fhwa/WC/SitePages/Register.aspx?WCID=2041</a>	October 24, 2019	1:00 pm–3:00 pm EDT

Below are the instructions for non-DOT attendees and Federal DOT staff and DOT-badged contractors:

### **Registration Process for Non-DOT Attendees**

1. non-DOT users including State DOTs must request access to the FHWA External Portal for webinars
  - Here is the link to request an account:  
<https://collaboration.fhwa.dot.gov/FBA/Register.aspx>.
  - Step-by step instructions on how to request an account can be found here:  
<https://connectdot.connectsolutions.com/esnon-dotstaff/>
2. non-DOT users including State DOTs must login using the email address used to request access to the site and their requested password.
  - The account issuance takes approximately one business day. Once they receive their account information, they can access the site by clicking on the registration link and logging in.

### **Registration Process for Federal DOT Staff and DOT-badged Attendees**

Federal DOT staff do not need to register for an account. However, please register for each and every webinar you, and others, anticipate attending. A head count for the number of phone lines is important for us to know. You can register as individuals or as a group, as long as there is one phone line used. Use the link provided that is unique and distinct for each session of the airings.

There is no cost to participate in these Webinars and they are open to everyone who is interested. Each Webinar will last 90 minutes with 60 minutes allocated for presentations and 30 minutes for audience Q&As. Through the use of Web conferencing technology, participants can view the speakers' presentations on their computer and hear the audio portion of the presentations either via the computer or telephone, depending on preference.

We look forward to your participation and hope you find these webinars beneficial to your agencies and professional needs! If you have questions, please contact Thay Bishop at (404)562-3695 or [Thay.Bishop@dot.gov](mailto:Thay.Bishop@dot.gov).
