

INNOVATION EXCHANGE

Conversations Launching Change

Discussions targeted to Local Agencies, Tribes
and Federal Land Management Agencies Programs

This webinar is all about your

A-Game!!

No you won't see LeBron James, but you will see Advanced Geotechnical Methods in Exploration, which is a slam dunk in the geotechnical world.

A-Game is about mitigating risks to project schedule, budget, and improving reliability by optimizing geotechnical site characterization using proven, effective exploration methods and practices.

Let's Sharpen your Game...

To find out how your agency can use the A-GaME to get an upper hand, sign up to participate in the upcoming webinar and learn how to use a toolbox of underutilized subsurface exploration tools that will assist with:

- Assessing risk and variability in site characterization
- Optimizing subsurface exploration programs
- Maximizing return on investment in project delivery.

ITS GAME TIME!!

EDC-5: Advanced Geotechnical Methods

Thursday March 7, 2019
10:30 AM -12:00 PM [EST]

To join the webinar, participants **must register** to participate in the meeting room. Wherever possible, we encourage you to attend from a conference room where everyone can gather as a group.
