2D Hydraulic Modeling User's Forum

July 8, 2019

Following is a list of topics to be covered:

- Contour display options and labeling
- Viewing vectors
- Functional surfaces
- Texture mapping (3D views)
- Plotting options
- Zonal classification
- Animations
- Data capture and file export options

If you have any specific questions about displaying results, please send them to us prior to the webinar so we can include the appropriate content.

The registration link for this webinar is provided below. Once registered, you will receive an email with the dial-in phone number and web conference link. First time registration can take up to a day or two, so please register at least two days before the web meeting. More detailed registration information for new users is provided at the end of this email. Please feel free to forward this to others who might be interested. All are welcome. If you are participating as a group, only one individual needs to register to reserve a web connection. A link to a recording of the web meeting will sent to all on the distribution list.

To register for the training please use the following link: ([click to register](#)). **If you have any problems with registration, please review the troubleshooting points below and contact me if you still cannot register.**

- If you are using the Google Chrome browser and having problems registering, please try a different browser.
- Sometimes the registration problems are associated with internal errors that get worked out. Please wait a day and try again.
- Using Internet Explorer, paste the following link in on the address bar:
<https://collaboration.fhwa.dot.gov/dot/fhwa/WC/Lists/Seminars/DispForm.aspx?ID=2089>
 - Click on the sign in button on the top right side of the web page
 - If you don't have an account with the site yet, please request an account at <https://collaboration.fhwa.dot.gov/FBA/MembershipRequest.aspx>
 - If you don't remember your user name or password, please go to this link to manage your account. <https://collaboration.fhwa.dot.gov/FBA/Manage-Account.aspx>
- This document (https://collaboration.fhwa.dot.gov/_layouts/WordViewer.aspx?id=/Shared%20Documents/FAQs.docx) contains some FAQs and additional troubleshooting information.

FHWA Web Portal Registration Process

Registration is a two-step process. First, non-DOT users including State DOTs must request access to the FHWA External Portal. Second, non-DOT users including State DOTs must login using the email address used to request access to the site and their requested password. Federal DOT staff and DOT-badged contractors do not need to register for an account.

In the new External SharePoint System, EXTERNAL users (those without a @dot.gov email address) will have to request an account before they can register. Here is the link to request an account: <https://collaboration.fhwa.dot.gov/FBA/Register.aspx> . Step-by step instructions on how to request an account can be found here:

<https://connectdot.connectsolutions.com/espon-dotstaff/>

The account issuance takes approximately one business day. Once they receive their account information, they can access the site by clicking on the registration link and logging in.

DOT users do not have to create an account in order to register. They can click on the registration link and use their DOT credentials to access the site.

If you are interested in viewing past meetings and presentation slides/resources, here's a link to the web room:
