

# SEEKING PROFESSIONAL DEVELOPMENT & STABILITY

# LOOK TO THE DEPARTMENT OF TRANSPORTATION

MAINTAIN CONNECTIVITY  
IMPROVE COST-EFFECTIVENESS  
ENHANCE LIVABILITY  
INCREASE SAFETY  
REDUCE EMISSIONS

## WHY YOU SHOULD CONSIDER A CAREER IN THE PUBLIC SECTOR...

DOT jobs promote a strong economy through access to goods and services and build healthy communities through access to jobs and recreation.

### STATE-OF-THE-ART TECHNOLOGIES

Opportunities to work with high-tech construction equipment, drones, connected sensors, analyzing big data and more.

### SUSTAINABLE ENGINEERING SOLUTIONS

Implementing new and innovative approaches to improve the sustainability aspects (economics, environmental, social) of transportation infrastructure.

### COMPREHENSIVE ENGINEERING OPPORTUNITIES

Covering all aspects from planning, materials, design, environmental engineering, structures and construction to contracting, scheduling, management and finance.

DO GOOD  
FEEL GREAT

DOTs are actively seeking new employees to join their highly capable workforce...

think **SUSTAINABILITY**

think **CAREER STABILITY**

think **BENEFITS & INCENTIVES**

think **GROWTH OPPORTUNITIES**

think **INNOVATION & HIGH-TECH**

"Working for a State Highway Agency allows the opportunity to make a positive impact on the mobility and accessibility needs of society while balancing economic and environmental considerations."

Senthil Thyagarajan, Transportation Engineer,  
Texas Department of Transportation
