

INNOVATION EXCHANGE

Conversations Launching Change

Discussions targeted to Local Agencies, Tribes
and Federal Land Management Agencies programs

What time is it?

INNOVATION TIME!

The thought of writing a proposal can be overwhelming, but the task does not have to be daunting. No need to worry, the Center for Local-aid Support (CLAS) is hosting a seminar to assist you in leveraging funding assistance through FHWA's Accelerated Innovation Deployment (AID) Demonstration program. CLAS wants your agency to be prepared.

So how can your agency organize project information and tell a compelling story?

1. Register for this webinar.
2. Be prepared to take in the information.
3. Write your proposal.

Presenters will answer questions such as:

- How much information is too much information?
- Which projects are eligible?
- Do I need maps, estimates, etc. with the proposal?

If you find yourself wondering about these questions, then the strategies presented in this webinar will help you maximize the benefits of preparing an informative proposal that can accelerate innovations on highway transportation projects.

Presenters of the webinar will include Victoria Peters, Director of Center for Local Aid Support (CLAS) and Sharon Gordon, Innovation Deployment Specialist-FHWA CLAS.

Accelerated Innovation Deployment (AID) Demonstration—how to write a proposal.
