

FACING FUNDING CHALLENGES ON YOUR TRANSPORTATION PROJECTS?

U.S. Department of Transportation
Federal Highway Administration

Value capture can address funding gaps and help state and local agencies pay for transportation improvements.

Use value capture techniques to help your agency:

- Address immediate needs, such as rebuilding aging local bridge and road infrastructure
- Accelerate project delivery, saving time and money
- Support economic development that creates jobs
- Develop sustainable revenue sources
- Promote efficient land use

Check out the new **Value Capture Implementation Manual**

Featuring explanations of value capture techniques and best-practice examples.
