# Transportation Alternatives Program Webinar: August 28, 2013

- Introduction: Shari Schaftlein, Director, FHWA Office of Human Environment
- Presenter: Christopher Douwes, Trails and Enhancements Program Manager
- CoPresenter: Shana Baker, Livability Team Leader

## Transportation Alternatives Program (TAP)

# Transportation Alternatives Program Authorized under the Moving Ahead for Progress in the 21st Century Act (MAP-21)

- **Mission:** To improve our Nation's communities through leadership, innovation, and program delivery.
- **Vision:** The Transportation Alternatives Program (TAP) creates safe, accessible, attractive, and environmentally-sensitive communities where people want to live, work, and recreate.

# Transportation Alternatives Program (TAP)

## TAP Eligible Projects

The Transportation Alternatives Program consists of:

- Transportation Alternatives Definition
- Recreational Trails Program (RTP)
- Safe Routes to School (SRTS) activities
- Boulevards from Divided Highways

TAP projects are eligible under the Surface Transportation Program (STP).

# Funds

- **How much?** TAP funding is **2%** of MAP-21 funding.
- **How is it funded?** Set-aside from each State's formula programs.
- **Funding levels:** Slightly below the Transportation Enhancement (TE) Activities under SAFETEA-LU:
  - FY 2013: \$808,760,000
  - FY 2014: \$819,900,000
- FY 2009 for TE, RTP, and SRTS was \$1.1 billion.

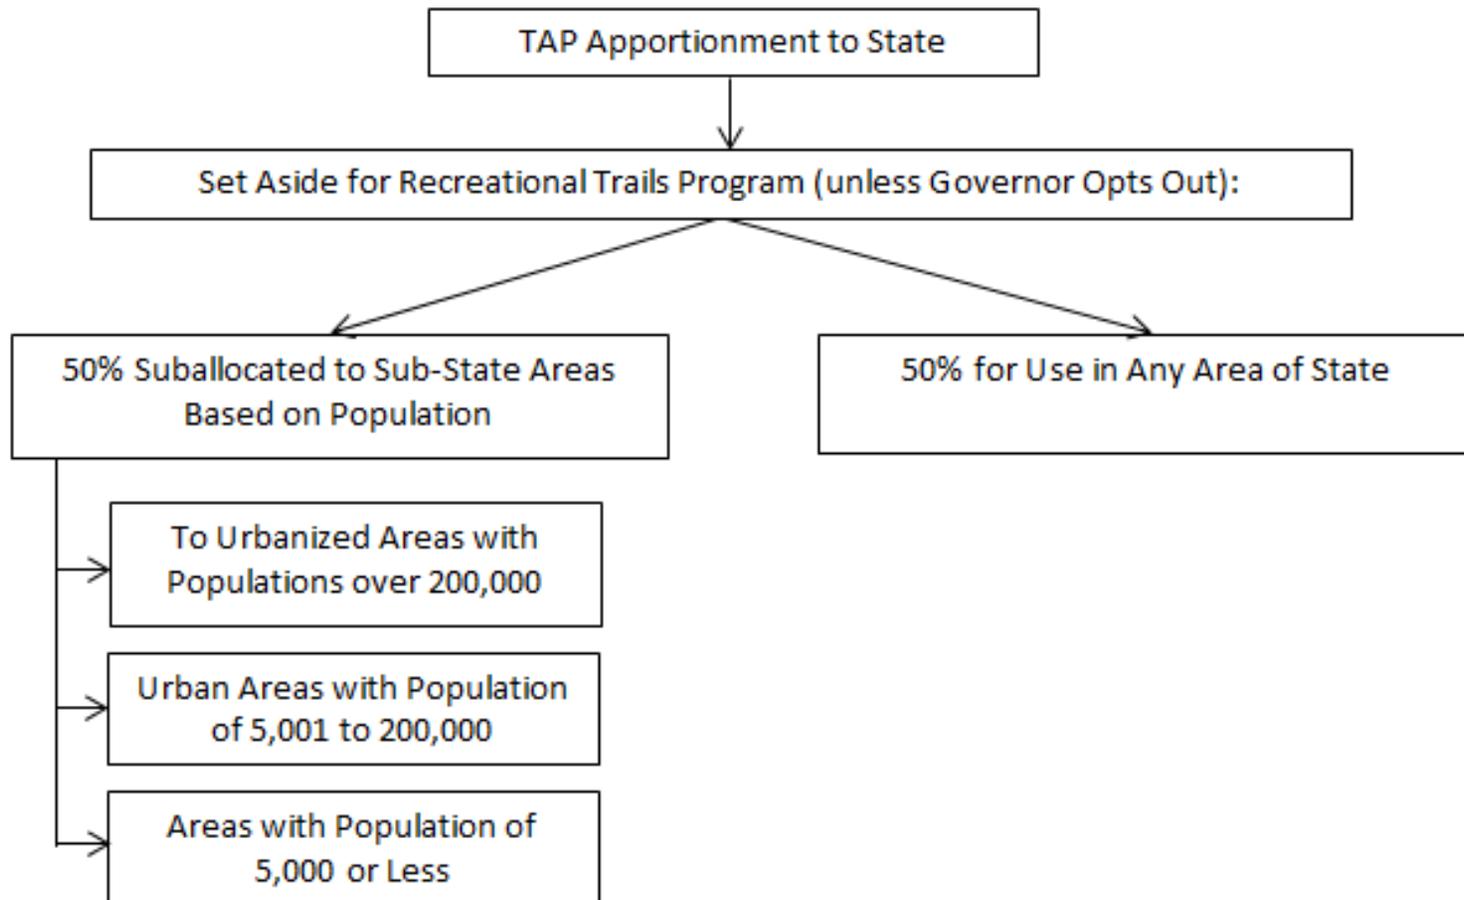

# Federal Share

- In general, Federal share for TAP is the same as the Federal-aid highway program: 80%, with Sliding Scale.
- Flexibility for Federal Land Management Agencies.
  - May use Federal agency funds, Tribal Transportation, and Federal Lands Transportation Program as match for projects that provide access to or within Federal lands.
- In general, donation and credit provisions are the same as the Federal-aid highway program under 23 U.S.C. 323.
- Former TE flexibility provisions were eliminated.
- The RTP set-aside retains RTP match and donation and credit provisions under 23 U.S.C. 206.
- SRTS projects use the TAP provisions.

# Transportation Alternatives Program (TAP)

## Suballocation

TAP funds are suballocated by formula.

# Transfer of Funds

- States may transfer up to 50% of TAP funds to other FHWA programs.
  - After RTP set-aside.
  - No transfers from funds suballocated by population.
- States may transfer funds from other FHWA programs into TAP.
  - TAP projects are eligible under STP without a transfer.
- States may transfer funds to the Federal Transit Administration (FTA) for TAP-eligible projects.

# Competitive Process

- Ultimately: the **State** is responsible.
- States and large MPOs
  - “Shall develop a competitive process to allow eligible entities to submit projects for funding...”
  - States and large MPOs develop their own competitive processes.
  - Examples are available from several sources.
- RTP set-aside: Use RTP provisions and requirements.

## Transportation Alternatives Program (TAP)

# Eligible Project Sponsors

- Local governments;
- Regional transportation authorities;
- Transit agencies;
- Natural resource or public land agencies;
  - May include Federal, State, or local public land agencies
- School districts, local education agencies, or schools;
- Tribal governments; and
- Any other local or regional governmental entity with responsibility for oversight of transportation or recreational trails (other than an MPO or a State agency) that the State determines to be eligible...
- *RTP setaside keeps its list of eligible project sponsors.*

## **Project Sponsors Not Eligible**

- State Departments of Transportation
- Metropolitan Planning Organizations
- Nonprofit Organizations (unless they meet one or more eligible entity requirements)

# Treatment of Projects

TAP projects “shall be treated as projects on a Federal-aid highway...”

- TAP projects must comply with applicable provisions in Title 23, such as project agreements, authorization to proceed prior to incurring costs, prevailing wage rates (Davis-Bacon), competitive bidding, and other contracting requirements, even for projects not located within the right-of-way of a Federal-aid highway.
- Does not apply to projects conducted under the Recreational Trails Program setaside.
- MAP-21 §1524 Youth Corps provision offers flexibility.

# Other Provisions

**TAP projects follow the same procedures as other Federal-aid highway projects:**

- Planning provisions
- National Environmental Policy Act
- Other environmental requirements.
- Right-of-Way
- Contracting
- Etc.
