<sup>1</sup> When comparing 1992, 1993 and 1994 data, the analyst should be aware that the urban/rural split has been impacted by urban boundary changes and functional reclassifications. Due to conversion from English to metric units and to rounding, individual cell values may not agree with corresponding mileage table cell values.  
<sup>2</sup> 1993 data used (1994 data not available). For the District of Columbia, the urban local length has been estimated by FHWA. For North Dakota, the rural Minor Collector length has been estimated by FHWA.
