1/ This table is compiled from reports of State authorities.
 2/ This table combines motor-fuel and motor-vehicle data from Tables MF-3 and MV-3.
 3/ Includes some estimates.
 4/ The distributions shown include both specific dedications and the prorated share of motor-fuel and motor-vehicle portions of distributions from common funds with multiple revenue sources.
 5/ Includes expenditures for county roads under State control.

6/ Some allocations for local general purposes may have been used in part for highways.
 7/ Includes only allocations for specific nonhighway purposes.
 8/ Gross allocations of highway-user revenues to State general funds were reduced by appropriations for highways from State general funds. These amounts are included with allocations for State highway purposes.
 9/ In these States, most highway-user revenues are placed in the State general fund. For a discussion of general fund States' financing, see "Highway Finance" text under "Funds Attributable to Highway Users."
