1/ This table summarizes the change in status of the highway obligations of local governments including toll authorities. See Table LGB-21 for general note on local highway finance series.

Local government reporting is optional in even-numbered years. This table is compiled from the reports of State and local governments.

2/ Any difference between amount outstanding at beginning of the year and the amount outstanding at the end of the previous year may have resulted from accounting adjustments, changes in reporting year, rounding, etc.

3/ Estimated by FHWA. Local government reporting is optional in even-numbered years.

4/ The par value entry for original issues recognizes the liability from the issuance of capital appreciation bonds in the prior year.

5/ Although most local roads and streets are under State control, local governments may raise and expend money on local roads and streets. State expenditures on these roads and streets are included in State Highway Finance Table series.
