1/ This table combines motor-fuel and motor-vehicle data from Tables MF-3 and MV-3.

5/ Some allocations for local general purposes may have been used in part for highways.

This table is compiled from reports of State authorities.

6/ Includes only allocations for specific nonhighway purposes.

2/ Includes some estimates.

3/ The distributions shown include both specific dedications and the prorated share of motor-fuel and motor-vehicle portions of distributions from common funds with multiple revenue sources.

7/ Gross allocations of highway-user revenues to State general funds were reduced by appropriations for highways from State general funds. These amounts are included with allocations for State highway purposes.

4/ Includes expenditures for county roads under State control.

8/ In these States, most highway-user revenues are placed in the State general fund. For a discussion of general fund States' financing, see "Highway Finance" text under "Funds Attributable to Highway Users."

5/ Some allocations for local general purposes may have been used in part for highways.
