

Penske Logistics

Penske Logistics helps companies with supply chain challenges throughout North America, South America, Europe and Asia.

Dedicated Contract Carriage (DCC) services provide a turn key fleet to serve as a contract carrier.

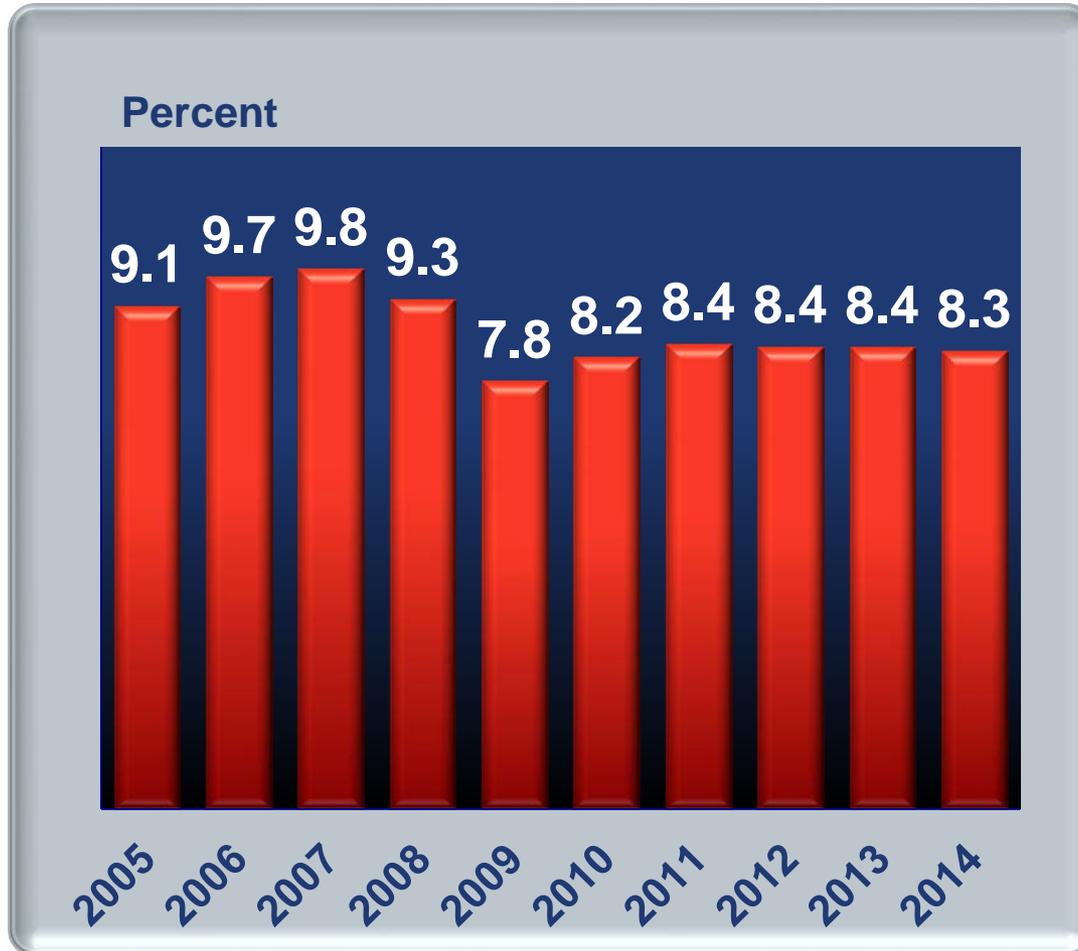

Transportation Management (TM) solutions help plan, source, coordinate, and track third-party shipments.

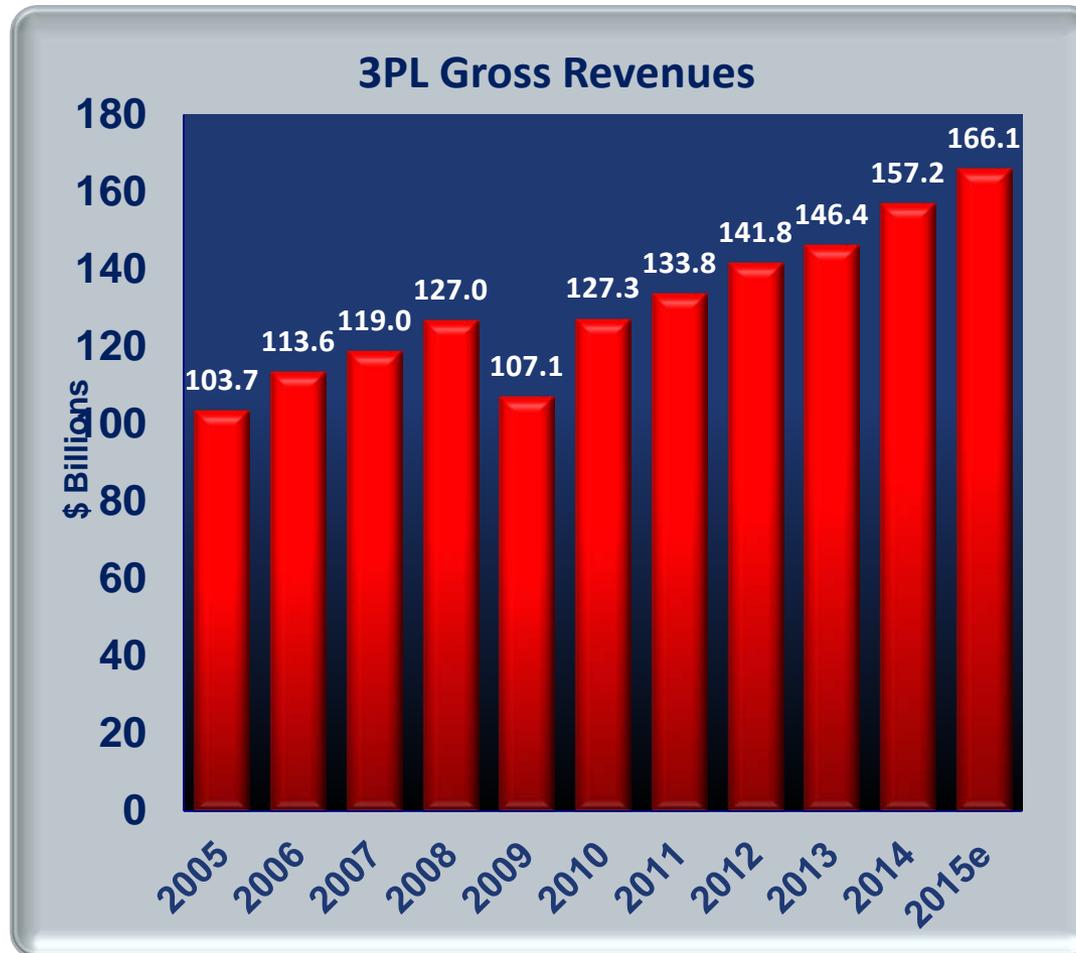

Distribution Center Management (DCM) solutions help manage warehouses, mixing centers and cross-docks.

Logistics Cost As A Percent of GDP

US Third Party Logistics Market
