1/ Receipts and expenditures are for the Federal fiscal year. This table is the Federal equivalent of Table SF-21 for State Governments.

2/ Grand Total represents Highway Trust Fund receipts from excise taxes, less amounts used for mass transit. Amounts for each State were spread proportionally based on highway expenditures from the Trust Fund. The difference between receipts and expenditures is included in the Undistributed line. See Tables Tables HF-10 and HDF for the full disposition of highway-user revenues.

3/ Excludes highway-user revenues expended for mass transit or nonhighway purposes.

4/ Grand Total represents interest income earned by the Highway Trust Fund. Interest is attributed to States based on the total amount each State received from the Highway Trust Fund.

5/ Amounts shown are Federal receipts and disbursements for highways that are not attributable to a single State. The difference between receipts and disbursements represents the net change in the Highway Trust Fund balance.
