FEDERAL -AID HIGHWAY TRAVEL - 2014

ANNUAL VEHICLE - KILOMETERS

VM-3M Footnotes Page:

- (1) Travel for the rural minor collector and rural/urban local functional systems is estimated by the States based on a model or other means and provided to the FHWA on a summary basis. Travel for all other systems are estimated from State-provided data in the Highway Performance Monitoring System. Due to conversion from English to metric units and to rounding, individual cell values may not agree with corresponding vehicle-miles table cell values.
- (2) This data was the result of a new TxDOT data system. Based on this information, Statewide vehicle-miles traveled (VMT) decreased 1.48% when compared to the 2013 data, contrary to an expected increase based on other economic indicators which suggest traffic growth in Texas.
- (3) 2010 data.
