(1) See table MF-1 for details of receipts. Differences between amounts shown and the adjusted net volume tax receipts shown on Table MF-1 are due to timing differences and funds in transit.

(2) Includes some estimates.

(3) The distributions shown include both specific dedications and the prorated share of motor-fuel tax distributions from common funds with multiple revenue sources.

(4) Includes expenditures for county roads under State control.

(5) Some allocations for local general purposes may have been used in part for highways.

(6) Includes only allocations for specific nonhighway purposes.

(7) Gross allocations of highway-user revenues to State general funds were reduced by appropriations for highways from State general funds. These amounts are included with allocations for State highway purposes.

(8) In these States, most highway-user revenues are placed in the State general fund.

(9) Amounts shown represent data reported for 2021.
