(1) Includes restricted drivers and graduated driver licenses (GDLs). (2) FHWA republished 2022 data in lieu of 2023 data due to unresolved data quality concerns. 2023 data will be re-evaluated upon receipt of 2024 data. (3) FHWA confirmed that the State issues licenses for special circumstances to Under-16 individuals. Data is now being published accordingly. (4) State did not provide data for older age groups (i.e., ages 70 and older). FHWA estimated data based on Census Bureau population data for the applicable State and age groups. (5) Per FHWA's guidance due to current reporting constraints, the State has equally distributed its gender-neutral drivers to the Male and Female driver count categories. (6) The State elected to not report its gender-neutral drivers due FHWA's current reporting constraints. (7) Reporting of Under-16 drivers was removed by FHWA as the State was not given an opportunity to revise its data.

(1) Includes restricted drivers and graduated driver licenses (GDLs).

(2) FHWA republished 2022 data in lieu of 2023 data due to unresolved data quality concerns. 2023 data will be re-evaluated upon receipt of 2024 data.

(3) FHWA confirmed that the State issues licenses for special circumstances to Under-16 individuals. Data is now being published accordingly.

(4) State did not provide data for older age groups (i.e., ages 70 and older). FHWA estimated data based on Census Bureau population data for the applicable State and age groups.

(5) Per FHWA's guidance due to current reporting constraints, the State has equally distributed its gender-neutral drivers to the Male and Female driver count categories.

(6) The State elected to not report its gender-neutral drivers due FHWA's current reporting constraints.

(7) Reporting of Under-16 drivers was removed by FHWA as the State was not given an opportunity to revise its data.

LICENSED YOUNG FEMALE DRIVERS, BY AGE (1)
2023

(1) Includes restricted drivers and graduated driver licenses (GDLs).
(2) FHWA republished 2022 data in lieu of 2023 data due to unresolved data quality concerns. 2023 data will be re-evaluated upon receipt of 2024 data.
(3) FHWA confirmed that the State issues licenses for special circumstances to Under-16 individuals. Data is now being published accordingly.
(4) State did not provide data for older age groups (i.e., ages 70 and older). FHWA estimated data based on Census Bureau population data for the applicable State and age groups.
(5) Per FHWA's guidance due to current reporting constraints, the State has equally distributed its gender-neutral drivers to the Male and Female driver count categories.
(6) The State elected to not report its gender-neutral drivers due FHWA's current reporting constraints.
(7) Reporting of Under-16 drivers was removed by FHWA as the State was not given an opportunity to revise its data.

LICENSED TOTAL YOUNG DRIVERS, BY AGE (1)
2023

- (1) Includes restricted drivers and graduated driver licenses (GDLs).
- (2) FHWA republished 2022 data in lieu of 2023 data due to unresolved data quality concerns. 2023 data will be re-evaluated upon receipt of 2024 data.
- (3) FHWA confirmed that the State issues licenses for special circumstances to Under-16 individuals. Data is now being published accordingly.
- (4) State did not provide data for older age groups (i.e., ages 70 and older). FHWA estimated data based on Census Bureau population data for the applicable State and age groups.
- (5) Per FHWA's guidance due to current reporting constraints, the State has equally distributed its gender-neutral drivers to the Male and Female driver count categories.
- (6) The State elected to not report its gender-neutral drivers due FHWA's current reporting constraints.
- (7) Reporting of Under-16 drivers was removed by FHWA as the State was not given an opportunity to revise its data.
