(1) This table shows gross volume of special fuels (diesel and alternative fuels) reported by the State motor fuel tax agencies. Where possible, fuel consumed by all levels and all non-highway use has been excluded. Further adjustments may be made

during the year end analysis. Most data reflect retail sales , but a number of States tax special fuels at the wholesale level. When interstate motor carrier fuel volume is reported quarterly to FHWA, the volume is shown in the third month of the quarter.
