# **URBANIZED AREAS - 2024**

## **MILES AND DAILY VEHICLE - MILES TRAVELED**

HM-71 Footnotes Page:

- (1) A "Federal-Aid Urbanized Area" is an area with 50,000 or more persons that at a minimum encompasses the land area delineated as the urbanized area by the Bureau of the Census. Urbanized areas or data may be missing or unreported in some States. Areas are in sort by population.
- (2) Decreases in Local VMT (when compared to 2017) are the result of improved procedures to estimate counts, which were implemented in 2018.
