Memorandum

Subject: **ACTION:** Best Value Procurement
City of Colorado Springs, Woodman Road
Special Experimental Project No. 14 (SEP-14)

Date: March 9, 2009

/Signed By/

From: Dwight Horne
Director, Office of Program Administration

Reply to
Attn. of: HIPA-30

To: Carla Petty
Division Administrator
Lakewood, CO

This is in reference to Ms. Donna Harmelink's March 6, 2009, e-mail that forwarded an SEP-14 work plan on behalf of the City of Colorado Springs. The City proposes to use a best value evaluation and selection process for the Woodman Road widening construction project.

The City proposes to issue a request for proposals and evaluate contractor technical and price proposals on factors including price, schedule, project approach, project understanding, experience, value engineering and other factors. The successful contractor will be selected on a best value basis based on price and non-price factors.

This project is approved for evaluation under SEP-14. Please inform the City that it is only necessary to provide an initial (after contract execution) and final SEP-14 evaluation report for this particular project. Evaluation reports should be provided in electronic format to facilitate posting on our SEP-14 Active Project List web page. Should you have any questions, please contact Gerald Yakowenko at (202) 366-1562.
