This is in reference to Mr. Jeffrey Forster's October 8 email that transmitted the Michigan Department of Transportation's (MDOT) Special Experimental Project No. 14 (SEP-14) workplan for the use of a no excuse incentive clause for the reconstruction of I-75 from Dixie Highway to Hess Road – MDOT JN 106858A.

The purpose of the no excuse incentive contract provision is to provide the successful contractor with a significant incentive to plan, schedule and complete all stage one work by Memorial Day 2015.

The MDOT's workplan and evaluation schedule are satisfactory. You may consider this project approved for evaluation under SEP-14. Thank you for the opportunity to review and comment on this SEP-14 request. Should you have any questions, please contact Gerald Yakowenko at (202) 366-1562.
