

U.S. Department
of Transportation

**Federal Highway
Administration**

Memorandum

Subject: **ACTION:** Use of Job Order Contracting (JOC) Method
Under Special Experimental Projects No. 14 (SEP-14)

Date: May 13, 2013

/Original signed by Gerald Yakowenko for: /

From: Charles W. Bolinger
Acting Director, Office of Program Administration

Reply to
Attn. of: HIPA-30

To: Kevin L. McLaury
Division Administrator
Helena, MT

This supplements our April 22 memorandum which incorrectly classified the type of work for this programmatic approval as preventive maintenance. We understand that the Montana Department of Transportation (MDT) plans to use the JOC delivery method for various traffic and safety projects (basic signing, delineation, pavement markings, and striping improvement) as well as geotechnical projects (slide repair and slope stabilization).

MDT's workplan is approved under our SEP-14 innovative contracting experimental program. Thank you for the opportunity to review and comment on this SEP-14 request. Should you have any questions, please contact Gerald Yakowenko at (202) 366-1562.
