

Errata

Date: July 27, 2015

Issuing Office: Federal Highway Administration—Office of Research, Development, and Technology: LTPP

Address: Turner-Fairbank Highway Research Center, 6300 Georgetown Pike, McLean, VA 22101

Name of Document: LTPP Computed Parameter: Dynamic Modulus

FHWA Publication No.: FHWA-HRT-10-035

The following changes were made to the document after publication on the Federal Highway Administration Web site:

Location	Incorrect Values	Corrected Values
<p>On Page 106, APPENDIX A. equation number (56), Change the equation to the corrected value</p>	$\log \log (\eta)=\left\{\begin{array}{ll} A+VTS \log \left(T_R\right) & T_R > T_{critical} \\ 2.7 \times 10^{12} & T_R \leq T_{critical} \end{array}\right\}$	$\log \log (\eta)=\left\{\begin{array}{ll} A+VTS \log \left(T_R\right) & T_R > T_{critical} \\ 1.095 & T_R \leq T_{critical} \end{array}\right\}$
