

## **Disclaimer**

The Surrogate Safety Assessment Model (SSAM) software product is disseminated under the sponsorship of the U.S. Department of Transportation in the interest of information exchange. The United States Government assumes no liability for its content or use thereof. This software product does not constitute a standard, specification, or regulation.

The United States Government does not endorse products or manufacturers. Trade and manufacturers' names may appear in this software product only because they are considered essential to the objective of the software product.

## **Limited Warranty and Limitations of Remedies**

This software product is provided "as-is," without warranty of any kind-either expressed or implied (but not limited to the implied warranties of merchantability and fitness for a particular purpose). The Federal Highway Administration (FHWA) and distributor do not warrant that the functions contained in the software will meet the end-user's requirements or that the operation of the software will be uninterrupted and error-free. Under no circumstances will the FHWA or the distributor be liable to the end-user for any damages or claimed lost profits, lost savings, or other incidental or consequential damages rising out of the use or inability to use the software (even if these organizations have been advised of the possibility of such damages), or for any claim by any other party.

## **Notice**

The use and testing of the SSAM software is being done strictly on a voluntary basis. In exchange for the provision of SSAM software, the user agrees that the Federal Highway Administration, U.S. Department of Transportation, any other agency of the Federal Government or distributor shall not be responsible for any errors, damage or other liability that may result from any and all use of the software, including installation and testing of the software. The user further agrees to hold the FHWA, the Federal Government, and distributor harmless from any resulting liability. The user agrees that this hold harmless provision shall flow to any person to whom or any entity to which the user provides the SSAM software. It is the user's full responsibility to inform any person to whom or any entity to which it provides the SSAM software of this hold harmless provision.

The origin of this SSAM software must not be misrepresented; there shall be no claim that this software is the product of or written by any individual, company or organization other than the Federal Government. An acknowledgement would be appreciated in any product in which this SSAM software is included or referenced. Altered versions of this SSAM software shall be plainly marked as

'altered' and must not be misrepresented as being the original SSAM software.  
This notice may not be removed or altered from any distribution, recording, copy  
or use of this SSAM Software.
