To: Division Administrators

The Fixing America's Surface Transportation Act (FAST Act) authorizes funds for the formula-based Ferry Boat Program (FBP) for the construction of ferry boat and ferry terminal facilities, in accordance with 23 U.S.C. 129(c) and 23 U.S.C. 147. FBP funds are made available for eligible projects, through State or territorial transportation agencies, using the data contained in the most recent Bureau of Transportation Statistics (BTS) National Census of Ferry Operators (NCFO). States with at least one eligible entity that meet FBP requirements will receive at least \$100,000 for each fiscal year, per 23 U.S.C. 147(f).

Please notify your State DOT that they may request allocation of these funds for projects ready to be authorized.

The FBP distribution formula is based on three elements: the number of ferry passengers (35%), number of vehicles carried (35%), and the total route nautical miles (30%). The FY 2020 and FY 2021 distribution amounts were calculated with the data contained in the 2018 NCFO. After the Bureau of Transportation Statistics (BTS) published the 2018 NCFO dataset, and, FHWA distributed the FY 2020 FBP Funds, multiple data input errors were identified. After the identification of the first data errors, FHWA and BTS conducted a joint review of the 2018 NCFO data to identify other potential data errors. All data corrections needed as a result of the joint review are now complete, and, BTS has now updated the dataset and republished the 2018 NCFO. This distribution memo revises the FY 2020 FBP Fund distribution amounts based on the corrected data, republished by the BTS.

The nondiscretionary FBP funds were authorized under the Fixing America's Surface Transportation (FAST) Act (Pub. L. No. 114-94). Under the provisions of Section 1102(f) of the FAST Act, Redistribution of Certain Authorized Funds, only the amount of funds for which obligation limitation is provided will be made available and the remaining funds will be distributed to the States. As a result, \$71,120,000.00 of new FY 2021 FBP funding is available for distribution. In addition to the new authorization of FY 2021 funds, the FAST Act requires FHWA to withdraw and redistribute FBP funds that have not been obligated by

the end of the third fiscal year following the year in which the funds were first distributed. Because of this redistribution process, an additional \$6,512,706.75, is available for distribution in FY 2021. In total, \$77,632,707.75 of FBP funds are made available for FY 2021.

The attached table (Attachment A) shows the revised distribution of FY 2020 funds by State and ferry service. Attachment B shows the distribution of FY 2021 funds by State and ferry service. The funds may only be used for eligible projects in the amount identified and may only be used on publicly owned terminals or boats. The available funding will be posted at <http://www.fhwa.dot.gov/specialfunding/fbp/>.

The listed ferry services operate either publicly owned vessels, or utilize publicly owned terminal facilities. These publicly owned vessels or terminals are determined to be eligible for the FBP program funds based on the 2018 National Census of Ferry Operators database and on follow-up reviews performed by FHWA divisions and State DOTs. When requesting an allocation of funds, divisions must confirm that they have reviewed the ferry service and have determined that the operator and the route meet eligibility requirements in 23 U.S.C. 147 and 129(c), as described in the implementing guidance. Divisions should contact this office if they determine that a ferry service is not eligible for the program. The funds identified for such services will be redistributed to the remaining eligible services based on the statutory formula. Program guidance can be found at <https://www.fhwa.dot.gov/specialfunding/fbp/161212.cfm>.

If a ferry operates between more than one State, the ferry service may elect to transfer funds to the appropriate State to implement an eligible project on the ferry system. States and ferry services should coordinate when selecting the projects. In these cases, the allocation request should include the State to which the funds are to be allocated or transferred. Funds may not be transferred among operators. If the ferry service wants to transfer of FBP funds to another Federal agency for project implementation, form FHWA 1576 must be completed and submitted to this office.

The maximum Federal share for a project in any State or Puerto Rico under this program is 80%. The maximum share in U.S. Territories is 100%. The sliding scale Federal share does not apply to this program. Other matching flexibilities such as donations and “soft match” may be considered. Guidance can be found at <http://www.fhwa.dot.gov/federal-aidessentials/catmod.cfm?id=13>.

When a project is ready to be obligated, and the division has confirmed that the ferry service and project are eligible, please submit an allocation request to this office to make the funds available in FMIS. The request should identify the operator and the purpose for which the funds will be used and include confirmation that the ferry operation and project is eligible. These funds are available to eligible entities for three fiscal years following the fiscal year in which the funds were initially made available for allocation. FBP Funds initially distributed in FY 2018 must be obligated by the end of this FY (FY 2021). Any unobligated funds remaining at the end of FY 2021 will be withdrawn and redistributed in FY 2021.

FBP funds distributed for FY 2020 that remain unobligated on September 30, 2023 will be withdrawn and redistributed in FY 2024 to eligible entities from which no funds were

withdrawn. FBP funds distributed for FY 2021 that remain unobligated on September 30, 2024 will be withdrawn and redistributed in FY 2025 to eligible entities from which no funds were withdrawn.

FBP funds are subject to the annual August Redistribution of Obligation Limitation. Therefore, allocation should not be requested until the project is ready for obligation. FBP Funds must be allocated to the States prior to August Redistribution or our office must be notified to withhold obligation limitation from August Redistribution for subsequent allocation. If our office does not have advance notice, the Obligation Limitation will be released and we cannot allocate FBP funds after August Redistribution. August Redistribution spreadsheets are typically due from the Divisions to Budget in mid-July.

If there are any questions and for allocation of funds, please contact Katie Hulbert at 202-809-4758 or by e-mail at Kathleen.hulbert@dot.gov.
